Dear Rita,

Howdy! Thanks so much for your posting.

Yes, I've been really bad about writing lately. For that I am sorry. I was really stressed about all the crap going on at the last prison & now this transfer has really thrown my whole life into turmoil. I really hate it here & I'm so depressed.

I had sent some short replies to you on here via email, but these people (BFB) haven't responded to my emails or letters, so I don't know if those replies were ever posted or not.

All of your family visits sound really great. I'm so happy for you. I wish I could visit with you too! (But there, not here).

I really hope your visit with George went well & that he gets out soon.

As always, I'm so very grateful for your friendships & send you ...

Many Hugs,

IhUT
