REQUEST

Check here if this is an informal grievance

P-Dorms Ventilation is designed For the wings temperature to be mechanically raised and lowered. The air duct's just haven't been hooked up. well we need them hooked up to comply with A.C.A. Rule 4-415.3 Revised August 2006. "Temperatures in indoor living and work areas are appropriate to the summer and winter comfort zones." Comment: Temperatures should be capable of being mechanically raised or lowered to an acceptable comfort level." in quote. The inmates and staff suffer uncomfortable temperatures due to the fact that the air duct's are not properly hooked up. which results in the temperature.

All requests will be handled in one of the following ways: 1) Written Information or 2) Personal Interview. All informal grievances will be responded to in writing.

This wasn't even properly addressed. They are in violation of ACA Rule 4-415.3 It's 90 and 100 degrees in these cells yet the temperature is suppose to be mechanically raised and lowered. But hey - this is the Florida Dept of Correction.
