Thanks for your comments! These songs mean something at some point and time throughout my life.

For example: I remember listening to "You are everything", by the Stylistics when I was a kid growing up in Philly.

I remember listening to "Fight The Power", by Public Enemy when I was a teenager.

I remember "All Around The World", by Lisa Stansfield in the late 1980's because my sister Poochie had that cassette tape and she played it all the time, so I eventually ended up liking the song after hearing it so many times.

I like "How Do I Live Without You", by LeAnn Rimes because it reminds me of that movie "Con Air" with Nicholas Cage - that ~~Song~~ Song was part of the soundtrack.

I can go on and on about why I like these songs and I probably bet that you could also. 😊

Keep listening to music, it's so good for the soul! When I get out, I will definitely get me a good music collection!
