V.
OTIS LEE RODGERS

Case # RIF098234

MOTION TO RECLUSE
JUDGE J. THOMPSON HANKS

X X X X

Defendant respectfully move this Court to recuse himself in the aftermath of this Court's unbridled assault of: intimidation, antagonism, raw anger and utter contempt for the Afro-American, black-male who seeks merely to exercise his constitutional right of self-representation.

This Court's abusive lecture to this defendant in regards to his request for funds for an expert witness was: Unjustified UNJUSTIFIED demeaning, disrespectful, humiliating and embarrassing designed to negate any confidence the defendant may have had as a

(1)

pro per Litigant

This court's actions destroyed any motivation for DDA Brian King to come to this defendant with a good settlement.

This defendant lacks the life's "energy" to fight a war on two fronts; to endure the court's distracting condescending, abusive tongue-lashing and what will most certainly be a highly skilled, well-thought out patrol prosecution upon this defendant by the DA.

This court committed these hostile acts against the defendant in the presence of: DDA Brian King, CDL Michael Belter, J. Thurston & T Webster who are all witnesses competent to testify as to this court's abuse.

Defendant in the name of "Deceit," males this court to surrender his opposition to the defendant request for self-representation and the imposition of Michael R. Belter as defendant's counsel.

Defendant simply doesn't want any counsel who supports accused racist, Michael Rushton, Greener Trust's top-gun, level-4 eliminator. Rushton who represents the most abhorrent philosophy in the history of the world, who feeds off of misery and hatred; who has no idea of the evil that is being released under the very genocidal system he reverses (Press-Enterprise 11-24-02, pg A-11).

This is Greener Trust typical case of "Legal Racism," conspiracy, accessory, perjury, subornation of perjury

(2)

misfeasance and planting of evidence. Belter has NO reason to expose the least regime for what it is, to save the life of a middle-age black-man. After all this is a Trillion dollar slave business that employs thousands upon thousands of poor whites all over...

Nevertheless, Defendant isn't coming to bring about fairness or justice, rather to save the life of ONE old black man-me!

We know all too well that when the jury returns with a guilty plea this court is going to cancel defendant's life without hesitation.

In America "we" all believe in giving the condemned man one last wish. Defendant's last wish is that:

- 1) He be allowed to represent himself, and
- 2) He be transferred to another courtroom (possibly Judge Taylor).

After all it isn't as if the defendant has a prayer of winning. Even God couldn't save this defendant from the death warrant awaiting the jury & Judge's signature.

I declare under penalty of perjury that all statements of material fact under the laws of the state of California that the foregoing is true and correct. Dated: 1-31-03

cc: DDA

Brian King

Respectfully submitted
