

NEED Someone to put
this to music

* SONG 2014
* * * * *

With friends in back of a 57 Chevy
baby's partying tonight
Shes got beer on her breath
Clanking of bottles busting on the floor
& Red lights in the mirror

She gets on the phone - Cries daddy
Daddy - I'm in the big house tonight

With tears on his face
He jumps in his boots
And dashes through the door
Daddys pissed tonight
He's got beer on his breath
And Clanking of bottles busting on the floor
and red lights in the mirror

He gets on the phone Cries Ma Ma
Me and babys in the big house tonight
