

Dear tt1973,

July 30, 2014

I didn't Fire Henry Davis, Cause I was dopped up on Thorazine while awaiting trial, I was 21 year's old, I knew nothing about the law, or what attorneys could or could not do, or should or shouldn't do.

I educated myself in this cage, I bet I didn't have a 7th grade education. I went through the 9th grade, see I Passed 1st grade Failed 2nd twice Passed 3rd 4th and 5th, Two week's into the 6th because of my size, they moved me up to the 7th, I Failed the next year instead of repeating the 7th, I started the 9th all special ed classes, barely passed and dropped out early in the 10th grade.

Any way's that's why the lawyer didn't get Fired. IF you see something on the case and want to know Please ask. Take Care

God bless you
IN Peace & Love
Bonnie ☺
