Taxi,

The reason I can not have \$ sent to my account is my Court takes 50% off anything that goes to my account (15% for each charge)

Then our Medical takes \$1,00.00 each year I owe \$200.00

anything that hits our account is immediately withdrawn 50% of that

and lastly we are provided 8 stamped envelopes per month plus 25 blank paper and pens which equals to about \$3.20 per month I've been using my allotment for 5 years continually building up. I know its all hard to understand

they do this to others but some County's do not take these FEES from our accounts.

The only way I would be able to receive "anything" without them touching it is through Texas.Gov.com There is a Link (Ecom.Direct)

Its a List of Commissary Items that can be purchased and the purchaser gets to pick stuff they would like the inmate to have. If they can do

this Every 60 days I have Not
Even had this done before. Not once
That they Cant Touch and the
only other way around this is
By ordering an account at
Eliteparalegalservices.us so that
I may order Books, Magazines, Pictures
ect... that can be used to get the
things helpful inside here. or send the
\$ to EPS P.O. Box 1717 Appleton, WI.
54912 with a Note stating your like
an account opened for me.

Other then this on the ECOM
there is NO other way, unfortunately"

What some people do that have this problem with courts taking \$ out of their accounts is order pictures

lets say for instance KSK picture service online sale theirs for 25¢ and 35¢ to us through snail mail the purchaser can order a gift card for us

at KSK P.O. Box 81074 Corpus Christi TX

78468 or go to killshething.com this may sound completely perverted but have an open mind guys buy pictures in here like Baseball cards, trading, etc. for 80¢ a photo sometimes 75¢ so lets say if the purchaser spent \$50.00 on line for pictures at 25¢ each the inmate could in turn take and sale the photos ordered to others and in turn make \$125.00 worth of items they need if they could sale "all" the photos which is it likely \$75.00 at the least.

I myself haven't had this done because I haven't had anyone in my

duration of time send money for me because I don't have anyone to do this for me.

This all sounds completely perverted but please understand we are in a prison with 1500 "MEN" I would be crazy if I didn't like to look at a female time to time 😂(LOL) So that's why pictures are popular in prison

Some turn to other men for their sexual comfort this isn't my "cup of tea" ☹️ I don't want to sound rude toward others' sexuality

And I'll save that story for between the Bee another Day ☹️

Prison brings adolescence out in men,

I'm amazed at how childish some become from being incarcerated and its quite amusing to see a grown man chase after a lizard or a bottle crawling on the ground and play with it for hours or make it a "pot" some even have snakes, and I swear I seen Mr. Jingles from Green Mile here! (LOL)

Its not just this you can give us a color book and were going to go to a table a color "No Joke!

And the fussing you will see over anything even a seat or a place in line.

Commissary day is the funniest seeing how excited they become filling out their list and coming back gorging themselves on candy, cookies ice cream ect... running around bragging

Oh and if cartoons is on dont be surprise half of them are watching (LOL)

you even see horses playing wrestling around
what surprises me everyone knows what we
are expected to do in here.... Tuck in our
shirts, Don't let our pants sag, Shave,
and walk in between the yellow line when must
you be told everyday what to do and cry and
complain when you get written up? and go around
saying the officers are picking on them!

Its just a topic I was surprised to
to notice how close to children we become
while incarcerated. all of this seems childish
to me. Oh, and if one gets it you better
expect the other to get it too. are you
really going to see the child come out. O
if you sent a Candy Land game in here (LOL)
I swear they'll be arguing over who plays first!
yes your family or loved ones are
included O theres nothing wrong with most
of this we have to entertain ourselves
some how. and I guess if its keeping most out
of trouble then it cant be at all that bad
