Sub: Mr. Otis Lee. Rodgers lost and missing children.

Dear Ms. Patsy Scott & Departmental Heads:

In regards to our telephone conversation December 13, 06 at 10:45 am, about one Mr. Otis Lee Rodgers AKA Brotha Achim Rodgers in the California State Prison Find enclosed the information that you have asked me to forward to you.

1. Letter from the Father Mr. Otis Lee Rodgers of his pain and suffering. I do not know anymore then the man himself has sent to me in proof of his concerns and pain. I ask that you might have mercy on this father for his pains of the lack of knowledge of were his children are or even if they are in protective hands. I myself know of **no greater pain** then the lack of knowledge of our children and their health and safety. Plus, his crime has nothing what-so ever to do with child abuse or endangerment to them. It being the Christmas season and all we can do is just imagining what it like to not know. But, this man is lining the hell of not knowing.
2. All (4) of the missing children Birth Certificates.
3. All the information to let you know that he is truly to this Ministries and I. Has his heart broken over this pain after all he just wants to know if they are **SAFE AND SOUND AND TO JUST TO SEE THEM.**
4. Plus, Mr. Rodgers had sent me the CPS caseworkers name whom which I might add I have not been able as of yet to contact her. They did tell me that her office had moved. Her answering service says she will be back into the office May 1-8. That is seven months ago you would think the message would have been change. To say the least Mr. Rodgers has been setting in pain at the thought for **two long years** of his children. Thus so far nobody to come to his aid and help.

5. Doesn't Mr. Rodgers not have the same right as Joyce his wife yet not getting them because of not enough case workers like Angie from their office said.

I would like to say God Bless you for your time and consideration and precious energy to help Mr. Rodgers and his family in this matter. For it is the children that get hurt at all times in these matters. I pray that this letter opens a new door of love respect and change Mrs. Rodgers and a **Big Christmas Blessing** to Mr. Rodgers.
