

## SEX-IN-PRISON

(5) (4)

It is sheer hypocrisy and utter nonsense to be(LIE)ve that once a psychosexually mature individual is incarcerated, he or she becomes non-sexual. Sex in prison does happen and is a critical issue. Studies have shown that years of depriving prisoners of intimacy with their biological counterpart perverts their sexuality and contributes to their ill-health, higher levels of violence and ultimately becomes a societal problem when these individuals are released.

This barbarous unnecessary deprivation of the humanity of prisoners results in: 1). Increased violence, 2). Perversion, 3). Rapes, 4). Promotion of homosexuality and 5). Sexual abuse of women, men and a dysfunctional sex life when freed. Many would say "They should have thought of that before they committed a crime". Adding that sexual copulation with one's biological counter part is a privilege. Harden, macho convicts/prisoner would note: "Don't think about it, you're weak if you let something like that bother you". Fortunately or unfortunately, sex is neither a privilege nor something you can ignore as statistics bear out the epidemic of rape in prison and in the not so free world.

Males are so constituted that during periods of abstinence from intercourse, their sperm builds up. During periods of sperm buildup, the male sex drive increases in strength and intensity. This libido buildup increases testosterone readily explains the uncontrolled violence in prison. There are no standards or averages for the male sex drive; instead there is a wide variety of sexual appetites and abilities. Nocturnal Emission, sometimes called a wet dream, is the automatic expulsion of semen through the penis while the young man is asleep.

The semen is secreted by the prostate glands, the seminal vesicle, and other glands that open into the urethra. The opalescent white fluid carries spermatozoa during intercourse and if the young man does not engage in sexual intercourse or does not MASTURBATE, the semen simply accumulates until it overflows during nocturnal emission. This is a harmless, normal occurrence. Unfortunately, most prisoners long before this natural pressure release occurs become murderously violent.

All that being said, it does not give the state the right to in many instances irreparably damage the psychosexuality of prisoners. To punish a person's humanity. Sex is an innate, instinctive, psychological, hormonal need <sup>as sex,</sup> an aspect of our humanity. To arbitrarily deprive a human being of their sexual need based on their imprisonment. <sup>is criminal</sup>

In exposing the wrong/unjust imprisonment and inhumane treatment; we must simultaneously expose the false, indeed prisoners are sexual beings. Depriving a human being the right to engage in sexual intimacy with their biological counterpart is the equivalent of rape, the rape of an individual's humanity. Those parasitic, biological-mutant-organisms who profit from America 21st Century Slavery Industry don't want to discuss this issue. Those corrupt, pious, bigot hypocrites must evolve into human beings, dropping their sadistic/perverted lunacy, shame and "admit and accept" that human sexuality is our reality as it is theirs; a major factor in our lives, not some nonessential extracurricular activity. Even slavers, the oppressor must learn the old Bible adage: "Do unto others as you would have done unto your self". And this is from an atheist. This is a call for a legislative BILL OF PRISONER'S HUMAN SEXUAL RIGHTS, creating Conjugal Visits for ALL prisoners, saving AND ~~script~~ <sup>script</sup> ~~misbehavior~~ for MISBEHAVIOR

This barbaric ring of silence hurts, Dehumanization, and Animalization causes grievous harms to all, including society.

COMMENTARY(1): Slavers/prison guards and corporate parasites diabolic prohibition on masturbation and denial of Conjugal Visit to most prisoners in Kalifornia goes far beyond its insidious Cruel and Unusual Punishment. Its long range, genocidal sinister intent is far more atrociously-degenerative and wicked. Further, if you deny a person the right to engage in sexuality, you will create an antisexual, antisocial, life-negative environment. When you enslave a human being in a stupid place as hostage against their will under threat of death, serve them dog-food and soybean filler and; then employ stupid people as slavekeepers to control them to make prisoners do stupid things day after day - he be or she becomes life-negative and weak. And as was found out early on to exploit the weak, enslave their minds, make them do stupid, unnecessary menial task over and over to make them feel "guilty" and worthless and they will willingly enter into the world of schizophrenia - defeated. It is easy to dominate ~~the~~ and destroy the weak. Destroy the dignity of a person and he or she will become an obedient slave(White racist ameriKKKa should have had enough of SLAVERY - Look at the near insurmountable, horrendous mess it created with the occupied Nation of New Afrikans).
