

HANDS UP DON'T SHOOT

Ferguson, MO., we collectively mourn the brutal, in cold blood, execution of Michael Brown, 18, by white police officer Darren Wilson.

We pleasingly and encouraging to see-TV the massive outpouring of support for his due justice!

But- Still we must ask of the civil rights organizations and leaders like the Rev. Al Sharpton, NYC, and Rev. Jesse Jackson, Chicago, and moreover, our nation's political leaders like Attorney General Eric Holder:

It is said: IN this USA social order that white life have highly more societal value than Black Life !!!

Now, to this blogger, it appears ironically Black Life have more Value to Some Blacks ONLY when murdered by Whites.

How else can it be rationally explained of the dead mass silence at the Black children, women and old folks murdered in the hundreds by alleged "Black on Black" violence in 2014 in one city Chicago - alone.

Black Victims if you want Justice pray your "perp" perpetrator is white! Not Black!
