

## Pretty Yellow Butterfly

Pretty yellow butterfly,  
Flying high in the sky,  
Flying low to the ground,  
Free,  
Swerving,  
Curving,  
Sharp turning,  
Your beautiful wings,  
Flapping rapidly,  
Flowing glowingly,  
To the rhythm of your own beat,  
So unique,  
Nose is cute,  
Lips are full of treats that can never be beat,  
Eyes are surprised and wide,  
Yet cute and sleepy like lazy,  
Uncatchable,  
A net can't catch you,  
Slick with your moves,  
Nobody knows where you will go,  
Where you will flow,  
Your antennas test the west and all the rest,  
Then you kiss the best,  
The sky,  
Unlimited,  
Best flyer in the sky,  
Lower than planes,  
Yet higher than trains,  
They are all under your spell,  
Mesmerizing the eyes,  
Curvy pretty yellow butterfly,  
You're soft tender and sweet,  
I'm glad we had a chance to meet,  
Sorry you had to fly away,  
While I did my stay,  
Pretty yellow butterfly,  
I can't deny,  
You were the one,  
I had lots of fun,  
But I had to run,  
Love is a flower,  
Like the pretty yellow butterfly.
