

Bestfriend

Bestfriend,
You're supposed to be the best of me,
Invest in me,
Vested in me,
Friend until the end,
Not end,
The bestfriend,
Testing me,
You're a mess to me,
Messing with me,
Make me want to flee,
From your tea,
Sip, sip, hot,
Ooh, you're cold,
We shared everything,
Happy times,
Sad crimes,
Even a little dime,
Two nickels,
Sharing a pickle,
Popsicles,
Freeze,
Not take from me,
Rake from me,
My dream of reality,
We, the team,
Beans in a pot,
Now we grown up,
I have to ask,
What's up?
We were cool since we were pups,
Through our nup's,
Moved around,
Went out of town,
Come back around,
You said you would stay down,
For our friendship,
Not jump ship,
Then you slipped,
Slept with my best man,
My husband,
I got a tip,

Now you're a trip
Choosing new clothes,
In droves,
Over me,
Run over me,
Without me,
What a bestfriend,
You turned out to be.
