

## Forgive

Forgive,  
Please, make it a priority,  
Loyalty,  
Tall as a tree,  
Wide as wind,  
Covers all things,  
Chimes in,  
Get out of my head,  
I'm out of your bed,  
Are you the feds?  
Misled me,  
Misread me,  
Causing me to see red,  
Read,  
Me my rights,  
Causing us to fight,  
Ugly at night,  
Squeezing me tight,  
Against the light,  
In my right,  
Frame of mind,  
How do find,  
The line,  
Between us,  
Crossed it,  
You lost it,  
Restraining,  
Order me,  
To get out of your head,  
Now you want to get in my bed,  
What led you to think this way?  
Walk that way,  
With your back against the wind,  
Of my kite,  
Out of sight,  
Forgive you?  
No,  
Forgive me,  
I got a flight for me.
