I've Been Searching in
Vain for Legal Representation
on a Case I've been working
on for the last 6 months.
So far I've Been left to do
it all, alone, By my self.

It's very time consuming,
and costly on postage,
stationary, copies & Research.

Some Days I sit and
obsess over my future.

Where I will Go, Where
I'll live, If anyone will
Be happily waiting on
me at the Gate ect..

Will anyone ever love me
again...
