The Novelist Portent

THIS IS HALLOWEEN THIS IS HALLOWEEN!

Halloween, my favorite day of the year ... pretty much.

There's a local station here, called *ThisTV* (Thistv.com) that plays vintage movies from the 80s and 90s--this week being filled with horror movies. I love it. Plus on Wednesdays, the CW channel has been playing *The Walking Dead*--I love that too. They play an episode at ten, and another at eleven, so I'm up 'til midnight watching it, and still have to be up by four in the morning; but it's worth it.

I got some money on my account this week, so I was able to purchase supplies to make myself a burrito dinner tonight! Fun, fun, fun. I'll sit back--pig out--and watch TV. Hopefully no trick-or-treaters will arrive at my cell, mask clad, bags in hand.
