

Invitation to Participate in a Research Interview

We are looking for family members to participate in a study on the impact of incarceration on families.

We are from the University of South Carolina, and we hope that you can share your story with us so that the study might:

- Improve resources for inmates and their families;
- Help link inmates and their families to services in the community; and
- Help policy and law makers understand the impact incarceration has on families.

Interested family members should contact Stephanie at 803-777-9919 or at clone@mailbox.sc.edu

To participate in the interviews, you must be:

- A family member/partner of an inmate
- 16 years of age or older

Family members are able to participate via telephone, interviews will last approximately one hour. Individuals will be paid \$20 for their time.

The things you share will be completely confidential. Corrections/legal officials will not have access to your responses.

This is something I
thought you might
find of mutual
interest. . . .
An exchange of
ideas, perhaps.
S.C. needs to get
back to rehabilitation,
not prisoner storage.
