

## Whose Job Is It?

*Once upon a time there were only four people in the world – Everybody, Somebody, Anybody and Nobody. There was an important job to be done and Everybody was sure that Somebody would do it. Anybody could've done it, but Nobody did it. Somebody got angry about that because it was Everybody's job. Everybody thought Anybody could do it, but Nobody realized that Everybody wouldn't do it. As a result, Everybody blamed Somebody when Nobody did what Anybody could've done!*

*Do you recognize any of these people?*
