

Thanks For Writing!

I would like to give a special thanks for everyone on the outside who participated in the Letters 4 Inmates Pen Pal Club. I am proud to say that 16 inmates were matched with penpals from the outside. Believe it or not, a letter can mean so much to someone who is incarcerated. I like to think of it as a lifeline to society, or what we call it in here, "the outside world." On behalf of myself and other inmates, we would like to give a special thanks to everyone listed below for taking the time to be a pen pal to someone in prison.
