Hi-diddly-ho Reader-rinos! :)

Looks like I'm going to be transferred to yet another B.O.P. institution, as 3 dope-friend White prisoners here decided to jump me while a 4th tried to hold the door to the cell we were in closed. Fortunately for me they didn't have knives nor did they have much strength or fighting skills — I got out with some lumps on my head & a vicious black eye.

The worst part is, I gotta leave my pet lizards behind! 😞 Damn, + I'd been fattening them up on chicken + hamburger meat.

Wisconsin decided to keep me in Federal custody. Oh well. Their prison system is barbaric, bleak anyway. In the B.O.P. I have to worry about the inmates, while in Wisconsin D.O.C., I had to worry about the staff.

I feel just about healed up from the years of torment in solitary confinement in the Wisconsin system!

You can keep tabs on where I'm housed at, should you want to snail me a letter, at bop.gov.

I'm in the SHU awaiting the transfer + I hope to create some worthwhile posts for this blog in the meantime. (Everything's in pencil, all they'll let us have in SHU).

Thank you for taking the time to follow my blog + please tell others about it, so that there's a better understanding of how prison really is in America.

Oh, those of you who know me well know that I don't use nor sell drugs, don't get high. I did when I was a young man, but came to see it as something that weakened/hurt me, especially my mind. This makes me weird as hell in the B.O.P., especially in this prison, where heroin, suboxyn, THC wax, Neurontin + other drugs are widely available + abused. At least 90% of the Whites here get high.

The guys who jumped me — Don Johnston, Owen Puckett, "Scooter" Abernathy + Sid Griffin (the doorstop) wanted to use my cell to shoot up in, as it gave them a clear view of the guard's office. Strangely, they were not disciplined in any way + were let back out on the yard, even though this is supposed to be a gang-free yard.

My Best, Nate!
