

Out of bounds:

Prison is...

Repetitive
Not like going to the candy store
An in-private tear taker
A reminder of those things taken for granted
A loaner of worry
A sweaty warehouse
Cold showers in winter
Hot showers in summer
Like slavery
A family separator
A giant pool that condone complaints
Stifles expression
High and low spirited
The social worker for anti-social behavior
A hostage holder
Diabetes
High blood pressure
High cholesterol
A stress builder
Forces one to learn others bad habits
Intensely sad
Lonely
Defensive
Secretive
Condone selfish and senseless hatred between complete strangers
A place you will experience being forgotten...out of sight out of mind
Racist
Test
Where an individual's soul is stretched to its limit
The mind is forced to be limitless
A nonstop of clattering noise
Unnervingly busy with those who tries to stop it all through dreams
Cultural Rage
Stone
Stealer of softness
Stiff
Stale

OUT OF BOUNDS
