

Control by my absence,
sifting sand.
Surprised?
I did it again.

You hear me,
as my voice fades away.
Abracadabra.
You see me,
an illusion as my form changes.

Abracadabra.
Can you feel me,
I incite the crave?

Abracadabra.
Hear my voice,
look into my eyes.

Abracadabra.
The earth opens,
swallows me inside.

Abracadabra.

Out into space,
step back into the darkness.
As the silence & unknown,
play tricks w/ your mind.
Down below the waves,
no light, no sound.
Allowed to come inside,
all energy is mine.
