"MORE" DEATHS

Page 1 OF 2

On Thursday January 15, 2015 Victor Farr died of cancer. He hung on for a long time. At 8PM that evening the State of Florida murdered Shane in the death chamber. The next day Friday January 16, 2015 at 3:38PM, I witnessed the van come into pick up Jerry Corral who went by the nick name Dude. I was just on the recreation yard with him on Wednesday 1/14. I made the comment, "wonder who Scott will pick next?" I've known Dude for 20+ years. I didn't know anything about his case. I heard it's a bad one. I know Dude, not his crime and I've always liked him. He's quiet and easy to get along with. He's been here since 1986 and is no doubt a different person than the one who committed the murders. But that's irrelevant to the state, they just want to kill in the name of God justice and the American way.

Other than that things have been pretty quite here. I haven't been doing much writing. I did an art project. My back has been getting better. I'm exercising which is helping. I still haven't started physical therapy. This Corizon medical corporation is garbage. Hopefully the FDOC will get rid of them soon. Ann my girl friend from 1987 hasn't written since last year. would have been nice had it worked out, but she really needs to take care

OF herself, and this isn't a good environ-
ment for her. I love her and wish her the best.
Nothing else has changed. I'm waiting to hear
from the 11th Circuit Court of Appeals and doing
my normal routine. So that's my update until
next time. God Bless you all.

In Peace + Love
