dawn,

Thanks 4 Ur response - I was unclear if U were still around - or not - But God B truly thanked - He knew what He up 2. Amen. I'm glad that the poem was most helpful 2 Ur ~~mind~~ mind-soul - & spirit. I thank God 4 using my crooked, bitten hands 2 pen such words of such eternal value: eternal hope. Amen.

My only Hope is that U will implement it's truths. True trust in the Lord, our Saviour, is shown by our surrendering ~~to~~ (ALL) aspects of our life 2 Him. It's easy 2 surrender our pain & our sickness 2 Him. "Ut oh cancer - let me cry out 2 Jesus" what I'm sayin is it's super easy 2 surrender 2 God the ~~that~~ aspects of our lives that are way beyond our control. Does that make sense?

On the flip side it's super HARD 2 surrender aspects of our lives that we want control over / believe we ya control over. 4 example we all - MYSELF included - consider ourselves / want 2 B head of our LOVE LIFE. feel me? Rather than let God give us our appointed mate (Genesis 2

& Genesis 24) we set out 2 find our own mate.
Rather than choose according 2 the spirit we make
our decision based on looks - \$ - prestige - fear of
loneliness - & sexxx - even peer pressure! But in
the end these relationships fail, & end in
divorce etc. But that's what happens when we
put ourselves together. So Jesus was most righteous
when he said, "What God has put together let no
man separate." (Matthew 19:1-6) God put Adam &
Eve together. Adam didn't get 2 date or sleep
around etc. suffice 2 say had he done that, he
probably would've settled 4 Barbie & kept Eve on the
side as his "baby mama" But God had other plans.
Amen. See God is into givin us a soul-mate
not a physical (sexxx) mate or a financial (\$) mate etc.
Yup Eve was literally cut from Adams soul ;
If u do the math u see that $\rightarrow 1 - 1 = 2$
 $2 \times 1 = 1$; But if this way 1 became 2, then
2 became 1 Amen. So says God - the 1st Mathematician
But rather than let God introduce us 2 our soul mate
we trust in ourselves 2 do it; we trust in a
computer 2 do it. Oh how we need 2 trust the
maker of our souls 2 find our soul mate ;

Thanks 4 the encouragement 2 keep writing!!
Beyond writing - it's of the upmost importance
2 God, that I live out what I write / 1/2
written, if I don't it's just mental game
been ran on myself & others. So at present
I'm in elive need of prayer cause I struggle
2 1/2 patience w/adult men. Even w/ those
w/mental health issues. I'm not all that. I'm
not used 2 bein "liked" so 3 people all jockeyin.
4 my attention tends 2 get on my last nerves.
(Sorry) I struggle w/ bein everybody's listenin
ear & shoulder 2 lean on. I tend 2 "run" from
this part of Christianity. That's no good " "
cause God has called & created me 2 B that
guy (Isaiah 50:4) so I have 2 find a way 2
listen genuinely / whole heartedly 2 the problems,
worrys, anxietys, anger, venting, held punches,
stories, jokes, tears, frustrations, etc of those
God has ordained 2 confide in. Amen. So
help me God. Xup I must put Christlike ?
in action in order 2 obtain the peace & joy
& hope promised 2 me throughtout God's
most truthful scriptures. So B it.

Love & support are appreciated, when Ur appreciative
Why do we tend 2 think BIG, but live small? Well
it's cool that U used 1 of my lines - I got it
from Jesus. 😊 Thanks 4 keepin me in your most
tender thoughts & prayers. I need 'em. Got 18
months 2 see parole! Plus God can always if He
chooses bless me with less time - though I
stand before Him undeserving as I've ever
been... that was the truth. Just today I 1/2
sinned like 6x's that I'm aware of - Sad
part - I know better. See I can never plead
ignorance as an excuse. Crazy cause I 1/2 2
confess - I sin on purpose - somethings are
hard 2 let go as we can't imagine our lives
without them. So if womanizing was my
identity for 3 yrs, who am I w/out that
trait in my character? A man must search
his h^o & soul (& heaven) 2 find out. A man
must say & innerly reflect → What is it that
I fear about being truly holy & Christ like?
I.e. Why do I fear reflectin' God?

I cry! 🙄

HAPPY NEW YEAR

Meanwhile in my life & times I search 4 balance. How much time 2 spend in public vs how much time 2 spend in private? Besides that I've been so caught up in writin books & best-sellers 4 Jesus that I step'd writin my daughter once a week. That's not good. I'm growin. (Bear w/me please people) Thankx. God is tellin me that bein like Jesus also includes spendin quality time w/ fam & friends. I feel 2 want 2 study the Bible for decades at a time. (I'm 30 somethin) God will help me stop doin so much, while doin just enuff. Amen. I search 4 the NEW, wonderin if God is callin me 2 make the 'OLD' NEW? A quandry. At times I want to start over w/all new friends etc - A fresh start is what they call it. /

A man presents itself w/out my instigation. Should I stay or should I go? Am I runin from somethin? or runin 2 a blessin? Lord knows. Do I write Mr. Miller to go to the geriatrics unit or do I stay here & just B? 1-3-15. I sense the word WAIT ; If God wants me on another unit - He'll do it & in His time.

I'm working on the whole "keep writing" thing. Dure
2 prison over crowding I tend to mismanage my
time. Then every time free - alone time - is affected
me, there's a knock on the door. Gotta pray more on
when I say "yes" & when I say "No." spend lot of
time typing. Maybe I'll use the wee hours of the
AM/PM 2 pen the deep truths that lie deep in the
shattered recesses of my \heartsuit . I know that based on
the experiences God has blessed me with that
I can pen things that will touch souls & \heartsuit s
& lives. ☺ I'm writing now to deal with the
spectacular noise that plagues this congested
environment. Even the $\%$ is tapping a pen on the
desk. Who would've thunk?! we make noise
as a sign of impatience (guilty.) Maybe I'll
work on a Easter skit/Play. That's been in my \heartsuit
4 some time now. As it's built on God's truth
I know it'll be blessed 2 set the captives
FREE. -- Every body is searching 4 another
Jesus, but there's only one. Praise God.
Maybe writing will be put to a stand still till
a later date. God knows. Course I'm gone keep
writing letters etc... Need 2 write Arista more
her journal included. Think I need 2 hibernate
& read/relax more. I tend 2 B a workaholic.
My messy desk reflects this truth :-
Thanks 4 the Xmas card \heartsuit out of respect I'll
respond 2 it via snail mail. Respectfully
