Letter to Roxy dated 15 Feb. 2015

What's up Roxy? ☺

Haven't received any mail from you in weeks. Is the thrill already gone?

I was shocked to hear that "Scooter" wrote you after D.J. did. That's some lowdown dirty shit, which I should have expected from a couple of dope fiends. What shocked me more is that staff here sent you some f-ing porn.

The dopers around here are threatened by me because they feel "judged" by me (somewhere in the Bible it notes that those doing wrong feel judged by those who are doing right). But I don't get why some staff would feel the same, to the point where they'd send you f-ing porn & then let those shitheads get away scot free & ship me.

Welcome to prison, where they just can't seem to rehabilitate many people! ☺

I hope your health's better, as futile as that hope seems to be!

I was really sick as a child, but probably more due to neglect.

Hopefully it helps to know I care about you ☺

By the way, the shit only gets deeper for me too. Well, as you know, but other readers don't, when I was put in the SHU (one tried to hold the door), after four junkies jumped me (one tried to hold the door), my cellie swiped all of my art supplies, my art books, my coffee, even my f-ing toenail clippers! ☺

Jesus, if I'd died in that cell, I bet that s.o.b. woulda tried to take my shoes off! (He stole two beat up pairs of shoes I had too!). He stole pictures of your kids too! ☺

At least I got all of my legal papers & writing projects back, my dictionary & thesaurals!

With Love, Always,

p.s. It's cheaper to transfer one guy than to transfer four. Likely why I'm being shipped Roxy
