THE PUNKS ARE BACK

They're feminists. They're rock stars. They've done prison time. They're the public duo behind the Russian group PUSSY RIOT, and now they're launching an independent news service — and reminding us to stand up for our beliefs. BY JULIA JOFFE GLAMOUR MARCH 2015 p. 268 glamour.com

Two founding members are Nadezhda "Nadya" Tolokonnikova, 25, and Maria "Masha" Alekhina, 26, are establishing an investigative news agency, namely, "mediazona" ["And:"] "ZONA PRAVA" to monitor... "to provide legal support to inmates and document abuse in Russian Prisons." "to monitor and expose abuses in the country's courts, prisons, and law enforcement agencies.

BACK GROUND INTRODUCTION

"IN February, 2012 Five Young Women, faces obscured by colorful boloclavas, burst into a Moscow church, sang their "PUNK Prayer", and denounced the imminent reelection of President Vladimir Putin, one of the most powerful men in the world. At the time not many Americans had heard of their underground feminist group, but since then, PUSSY RIOT has become a global symbol of just FIERCE GIRL POWER CAN GET." Id p. 269

" Forget keeping up with the Kardashians; try keeping up with little sister Kendall - who, it turns out, is your favorite new model, ahead of everyone from Gigi Hadid to Binx Walton in a recent Glamour Poll. "People assume she's riding on her name, but she actually has talent," wrote one woman; others cited her "chameleon ability," "passionate and uncompromising attitude," "stunning features," and, of course, "her eyebrows." She may have gotten her start on reality TV, but now she's landed a contract to represent Estée Lauder, and 67 percent of you think she's

Finally officially doing her own thing."

Charting her own path: That's always a

WISCONSIN GOVERNOR (R) SCOTT
WALKER

UPDATE:

LOOKING BACK, MARCHING FORWARD !!!

Wisconsin State is schizo: The DARK and LIGHT SIDES OF OUR UNIVERSE...

Which gave us U.S. Senator (R.) Joseph P. McCarthy (1908-1957) and his Mad and Se 1950's "MCCARTHISM". It also gave us the GOODNESS AND LIGHT IN FIGHTING ROBERT "BOB" LaFOLLETTE (1855-1925) and PROGRESSIVISM.

ON November 4, 2014, the DARK SIDE WON in Gov (R) Scott Walker's Reelection.

He won because ANGRY white men broke for him and the state's Newly elected (R) ATTORNEY GENERAL. Cf. IN October 10,

2014 Marquette Law School Political Poll

Walker Lead... Led with men 62% to Democrat Candidate Mary Burke 30%.

Nonetheless, in subsequent polls it was a statistical dead heat with likely voters!

That is up to October 29, 2014, or 5 DAYS before the November 4th election day, POLL, which showed Walker at his customary

7% to 5% lead... by which he had

won 2010 election and 2012 Recall

election. SEE OUR BLOG "WISCONSIN STATE

GOVERNOR'S RACE 2014... WISCONSIN VOTE.COM

MONEY AND REAL POLITIK

BURKE (D) "Spent \$5 million of her own [money] personal wealth on the race, one-third of the \$15 million her campaign brought in." Walker raised \$25 million since the middle of 2012 (2013), but outside groups spent millions more. Total spending on the race

was expected to Reach UP to \$60 Million." below at A. ~~4~~ of ~~6~~ At "Gov. SCOTT WALKER WINS REELECTION" 5 7

THE REPUBLICANS AND BOGUS
TAXES CUTS ACTUALLY BUY VOTES.

Like a crooked car salesman offers a deal too good to be true, but one you can't refuse.

"999" is the proffered sale price. IN the voter's mind because the 999 stop before total - reach up to that \$1.00 - your eyes fool your mind into seeing "Saving money in your pockets."

This is the magician underhanded trick shuffling due money out of sight with promise of cutting your taxes.

Remember Milton Friedman, Chicago School, economist, and President Ronald W. Reagan: "There is no free lunch!"

Walker only cut rich folks' taxes. Leaving US poor folks to pay a \$2.2 billion
