

# THEY JUST DON'T GET IT

by Timothy J. Muise

They just don't get it,  
their hatred blinds them all.  
Second chances are the only way,  
or else we are headed for a fall.

Hate the sin - not the man,  
a lesson so hard to sell.  
Some of them say they get it,  
it is so very hard to tell.

To break men further,  
surely is not the way.  
The price for our society,  
will be far too steep to pay.

The fact remains that they just can't see,  
what it takes for a man to break free.

Break his chains and bonds of evil,  
and allow the goodness in his heart to prevail.

They just don't get - these prison guards,  
from the inside out it eats them hard.

They die as surely as a victim of crime,  
Their flaws displayed unreal and sublime.

# SHE LAUGHED

She laughed from her heart,  
this fragile man fell apart.
