Don't pack up and move back to California right away my ♡ I'm still going to be locked up awhile longer - maybe years - maybe never. I've only just become eligible - I have no NA, AA, or any other groups. I'm going to have to do a lot of work to get ready over the next couple of years. I have to start going to the phys for one thing and I'm going to need a lot of help from my loved ones. You might be wrong about that not being the place I'd want to be - you would be there - and I'm looking for peaceful now - of course there is the parole, they would never let me ^{parole} go to where you are ☺ but we would be able to visit - they still have planes + trains. I just did a couple of paintings for Reyna + Jessika - a butterfly and Fawn - Ted wouldn't mind saying hi to you. ♪ welcome to "the Hotel California" ♪ this could be heaven ♪ this could be hell ♪ sometimes you remember ♪ sometimes you forget ♪ we are all just prisoners here of our own device ♪ People have known for hundreds of years that music is deeply healing. I miss hearing your voice on the phone, your giggle - Deep belly laughter triggers the release of happy endorphins, which lowers the risk of blood clots. Women who received frequent hugs from their partner have reduced heart rates and blood pressure = Cuddle up with Me ♡

I await your every words - you make my dreams - you are my dream. I'll write again as soon as I go to the board.
