**- FAMOUS SINGER JUDY COLLINS TO PLAY "LIVE FROM SHIRLEYWORLD"**

The news was just announced that the department of corruption has arranged for music legend Judy Collins to play here at the prison. ShirleyWorld Superintendent Kelly "Rubber Stamp" Wry-On has secured a capital gains grant to build a soundstage at the top of her Ivory Tower where Ms. Collins will be able to play live. Deputy Denied will act as sound manager (And why not? She has her bloody paws in everthing else Rubber Stamp does!) bringing along with her the substandard music program amps and mixer which she so graciously extorts, I mean allows, prisoners to use. (button up your shirt Karen your heart is falling out!). The plan is that Ms. Collins will sing her mega-hit "Send In The Clowns" as the new batch of oxygen wasting abusers stagger in to take the sergeants exam this year. I must offer that I have almost never seen such an appropriate theme song for an event, except maybe when Deputy Denied -Oh and Sheila "Big Stuff" Helly (former director of classification) went to the Chinese Buffet and they played Queen's "Fat Bottom Girls" over the loudspeaker. Old China Dragon lost money that day for sure! Reports also have it that the new bunch of idiots will have to wear red rubber noses, giant bozo shoes, and water squirting carnations when they enter the testing classroom. These new tactical uniforms will make it easier to hide the test answers about fire safety and emergency procedures as those regulations are not taught on the computer solitaire games these turnkeys play all day. Just imagine the joy the poor aged prisoners here will have when CO Carta-a-Weiner or CO Smelly-Pig become Sgt. Cart-A-Weiner and Sgt. Smelly-Pig. Oh the joy! (Not) For certain Rubber Stamp will have to put in for another capital gains grant as they will have to build more offices in the school building and gym for these guys to sleep as the existing ones are already taken. You can bet Lt. McHardly is not going to give up his Nap-Cave as he needs to sleep off the alcohol induced rage he falls victim to. The grapevine also tells us that Ms. Wry-On may also sing a brief solo from the new Ivory Tower soundstage. She is considering "Don't Cry for Me Argentina/ShirleyWorld" or possibly Ozzy Osbourne's "Suicide Solution". No matter which tune she selects I am certain her voice will resonate loud and proud. Lt. Shameless Peckerwood may also do his famous version of The Village People's "Y.M.C.A." which he has performed so many times at the Manhole Lounge and the Purple Helmet Cafe. We heard he marched in his dress blues at the St. Patrick's Day Parade in South Boston while chanting "We gay and were here to stay!"

**- FROM HARM'S WAY TO INTERNET TROLL / TOUGHEST BEAT IN THE STATE MY ASS**

Being in prison for the past 17 years places this author at a disadvantage with some of the technical devices and modern tech terms. I've never emailed or been on a real cellphone. I don't know what "The Cloud" is or how to tweet. Recently though I did learn about one of these new tech terms they are using out there. The term was "Internet Troll" and it fit our friend and frequent reader, "Paul", like a leather glove. You

see our friend Paul, a former turnkey/oxygen waster/screw does exactly what Internet Trolls do; they leave random negative feedback without giving their real name. In other words they are the cowards of the internet. This passive/aggressive narcissist leaves his ballsless commentary actually believing he put himself in "harm's way" when he wore the blue-bag-o-shit uniform of the department of corruption. If the public ever actually saw what these guards actually do, and who they actually are, they would puke. Harm's way my ass! Are you shitting me you Budweiser slurping S.O.B.? Next you will be bullying High School teens or anorexia patients. I guess this internet troll stuff is like when cowards would key a car. Rather than stand in the parking lot and duke it out a coward would key the door of Chevy C-10. Maybe he scratched a "P" for Paul. Sometimes, before the internet, the "Paul's" of the world would dump sugar in a gas tank. real bitch shit. Now they can just hide behind some screen name. No need for sharp keys or pounds of sugar. It is easier than ever to be a coward today. Anyone who knows me knows I believe in free speech, but I also believe that you have to REPRESENT that speech by signing your name to your beliefs. Paul is wearing his KKK Hood. Paul is wearing his ISIS Headmask. Paul is wearing his bank robbers nylon. The DOC "coddled" these fools and sent em to night school. Some got degrees, some got drunk, but ed-u-me-cation don't make your back less yellow. The DOC Central Office Internet Crimes Division is tracing some coward tracks as they feel CORI protections may have been breached, but that is not my call. I just send em' the info on cowards in hopes of ferreting em out! Time to stop creeping the toughest beat in the state!

**- FAMILY REUNIFICATION BE DAMNED! VIOLENCE REDUCTION BE DAMNED!!**

In another brilliant move here at ShirleyWorld the "powers-that-be" cancelled the Family and Friends Mass and the Alternatives To Violence weekend retreat. To hell with what the DOC website says about Family Reunification being a "priority" and AVP being one of their highly touted "prorgams". Fuck em. Just cancel em. Who cares? They offer some true bullshit as an excuse; "staffing concerns" & "sergeants exams", but do they think we forgot that they just cancelled AVP in recent history citing "snow on the roof" of the building? We did not buy it then and we don't buy it now. There was "snow on the roof" Friday, and the building was open, but with that same "snow on the roof" Saturday the building became unsafe. I can also report that miraculously the building again became safe on Monday when they opened it. In order to work for the department of corruption you must attempt to become adept in twisting the truth. I say attempt to become adept as most of these folks ain't too bright. In Gloucester they would say they are a "few clams short of a peck", but nonetheless they try to baffle us with bullshit and inject us with that all mighty Stockholm Syndrome. Rubber Stamp Wry-On has never even attended one of the nine (9) Catholic Family & Friends Mass' that have been held in "her" gulag. She relies on the "reports" of deadfaced liars to find out what went on. No word about the purposeful delays her staff subject the visitors, our guests,

to, or how abusive Lt. Prickhurt was when he ended the Mass a full 15 minutes early. Female screws making 80 year old women "shake out their bras" to see if they are carrying "contraband". Again, we are not fools; the operating procedure is to treat these folks so bad that there will be a strong chance they will never come back. You see these fools fear the "exposure" a face-to-face visit can hold. They can listen to phone calls, they can read our mail, but they cannot control what we whisper into the ears of our loved ones. For me I shout the failures of the Denied-Ohs and Rubber Stamps from the rooftops. If I could climb Rubber Stamp's Ivory Tower I would shout them from her concert deck. To cancel the "Alternatives To Violence" Program twice in a row, after decimating its viability by placing it in a crowded classroom not conducive to fertile growth, says so much about the true nature of these dregs of humanity. Their website is as much a fantasy as the Harry Potter website. Total fiction. They do not embrace Family Reunification. They spit on Alternatives To Violence, they castrate religious/spiritual growth, and they destroy any hope for rehabilitation. They promote hopelessness. They cultivate hatred. They perpetuate crime. They are the Devil! They are Wry-On, Denied-Oh, McCan't, Wiggins-O'Cryin and the whole lot of these gulag perpetrators.

#### - LEOMINSTER/FITCHBURG TABLOIDS BEING ORGANIZED

The girlfriend of one of Lt. Shameless Peckerwood's "boys" is in the final stages of producing a Leominster/Fitchburg "Public Expose'" tabloid magazine which will feature the exploits of the guards who live in that area. Not only will this woman, who has been known to romance cons and screws, report on what goes on in the prison, but she will give detailed stories of their misbehavior/deviant behavior in their respective communities. This blog has worked out a reciprocal agreement with this gal that we will feed her info on the "inside" happenings and she will feed us info on the "outside" activities. What a great barter relationship! We are very excited about the possibilities. CO Be-My-Valentine expressed outrage from the Wilds of GardnerWorld. Stay tuned for some real dirt!
