"Dolphin Man"

Dubbed by the one I adore
I am dolphin man to her
Swimming in the Pools of her eyes
Bringing a sweet grin to her heart
She nurses my broken spirit
Oh! I know I'll never be able to bed her
But We've already made love spiritually
Her teasing is pleasurable
& her smile - what can be added to that
Her goodies are forbidden
But my eyes follow her movement
Hatching lust within me
I would have her -
While under the dimness of moon light
And then just swim away
