

Where My Life went Wrong

by: Indio

My life was good

Now it's just sad

I was one of the lucky ones
having both a Mom and a Dad

Where did my life go wrong?

When I met a new friend,
I thought we would be tight until
until the very end

Where did My life go wrong?

I was on top of the World,
because with her I could do no wrong
when I needed her, she was always there
No matter what others said about us
I did not care

Where did my life go wrong?

My mother even warned me,
that she would destroy my life
but I never thought twice
she had me completely hypnotized,
with her allure, and to me it was on,
so nice

Where did my life go wrong?

Oh yeah, I know,
The day I met Crystal
