Friday May 8, 2015 6:14 am. It's been a bad couple of days. I received my property on the 6th of May, a lot of stuff was stolen, my head phone extension cord, my ear buds, my hat that I've had for years, a lot of my canteen, almost all of my stationary. UCI is a den of thieves. The most low life unethical bunch you will ever see. Officers sleeping at their post, charging inmates for everything. and you know what, I'm going to blow it up. Cause this stealing my property, just doesn't hold well with me. They tore my address book pages in two pieces, destroyed legal work, and they thought there would be no repercussion. What did they have a fleeting laps in thought? Did they forget about this ink pen? Did they forget about this blog? Yeah - they messed up stealing from me. Well I still can't get use to this scheduling over here. I've been up since 4 am. Waiting on the laundry cart now as well as breakfast. These showers don't take place until after 9 and 10 PM. I don't like that at all. The cells here are 9x6... 54 square foot, 9 foot less of living space. Yesterday the Doctor over here stopped my baclofen. So not everything is running smoothly. I'm still trying to straighten my paper work out, which I've been trying to fix for 2 days. It's a mess. and I need to work on that right now, and then do some writing.

7:20 am. Laundry is here now.

7:51 am. Unbelievable, just finished eating breakfast. It's going to take time to get use to this

on, someone over there wrote mom to let her know that I was over here and what Sgt. Blue was saying. He's a real mental case. I don't know how he made Sgt.

5:46 am. Nurse just brought me my meds. I need my stomach meds. I hope to see the doctor this week and get that and my back meds renewed.

7:44 am. Finished eating breakfast, been talking to my neighbor. need to bath and get ready for visit.

8:28 am. Finished bathing now just waiting on them to come get me.

3:48 PM. Got back from the visit about 20 minutes ago. Was not a great visit. Captain came out there with my blog post, more FDOC abuse, someone sent it to the warden. It's dated March 12, 2015. It was dealing with abuse of other inmates over at RMC Lake Butler. I know who sent it here. I'm trying to lay low, and now this starts. I'm going to let it go. That's what mom wants. Right now I need to fill out an order form for a fan and then two request slips.

6:48 PM. Ate dinner, now going to bed.
