First off, I AM BEYOND GRATEFUL that you took the time to transcribe my piece!!! It was my pleasure to write this, & any piece, that allows me to **SPEAK TRUTH TO POWER!!!** The fact that you read, & transcribed, it made it that much more satisfying.

[If you haven't already] Check out my latest post, "**True Justice Must Be Done In The Light.**" The gov't is trying to **DOWNPLAY** the fact that their witness has come forward to reveal that they forced her to testify falsely against me (then paid her for the job). Due to the fact that such diabolical prosecutorial tactics are not uncommon, & the California courts tendency to look the other way when it comes to this type of behavior, I felt it was imperative for me to personally shine some light on this, no matter the personal repercussions.

Saying that, I would **BE INDEBTED TO YOU** if you can, once again, make a transcription in order to help get the word out more effectively. It **DEFINITELY WOULD BE VERY MUCH APPRECIATED.**

**IN SOLIDARITY.**
