- G.I. JANE-EYRE NOT USED TO FREEDOM / NO PASSIVE NAZI PARTY MEMBERS

Last week the fascist parole board called the Free Speech Warrior over thinking that he may consider participating in their repressive "system" which has destroyed so many of my friend's lives. Well any who know me know "that ain't happenin'." The parole lady here, G.I. Jane-Eyre, used her Marine Corp experience to command me to "sign zee papers", but I let her know I ain't the one. The Parole Notice they sent me afterward stated;

"Subject stated to this PO 'Parole has no jurisdiction over me. I am not talking to parole staff and I am not signing any forms.', and proceeded to exit programs building. Refused to sign."

Now that is truly some powerful writing; a real literary masterpiece. I have seen more men's lives ruined by these egotistical parole officers and it did feel good to let her know I ain't part of your oppressive system. She needs to know that there are not any "passive" members of the Nazi Party. In for a penny, in for a pound, and her job, which is to bring men back to prison, is abhorant to me. No other agency will ever have "say" over my life. No Gestapo Parole Officer will ever be able to "return me to prison" for my best interests. I will report to no one but God, and these jackbooted former military types may think they are god but trust I will not be genuflecting to them. I will wrap this bid up, do my best to have a decompression period, and then will attempt to continue to expose these public safety criminals as best I can. This foolish parole board twists minor d-reports into major incidents denying families the ability to welcome their long-suffering loved ones home. Lifers get "lugged" back to state prison for "technical violations", not rearrests, and then are forced to spend years back behind bars. They throw around "five year setbacks" like five years is a few minutes, no thought on the impact such arbitrary and capricious decisions have. Again, there are no passive members of the Nazi Party and if you work for the Massachusetts Parole Board you are a human rights abuser: plain and simple. Now I am not one to make fun of someone's weight as I am 400 pounds myself, but all I can say that Paris Island is far behind this G.I. Jane-Eyre cause she ain't climbing no rope nowadays. Too bad cause maybe she could climb out of her occupation as a public safety criminal and Nazi Party member.

- 80 YEAR OLD "ALTERNATIVES TO VIOLENCE" VOLUNTEER MEETS LT. URINE

Well it would certainly take a certain kind of person to make an 80 year old "Alternatives To Violence" (AVP) volunteer speak ill of a DOC employee, but when Bountiful Betty met Lt. K. Urine she was exposed to just who these people really are; she was exposed to the truth. This shining example of self-hatred, Lt. Urine, tortured this little old woman as she attempted to enter the prison on a Saturday morning. Lt. Urine, with visions of sexual assault lawsuits dancing in her head,

did all within her power to humilate this kind woman who comes into these gulags in hopes of reducing the violence in our communities. What Bountiful Betty did not know (but now does) is it is the Lt. Urine's of the DOC that CREATE reentry violence. Lt. Urine and her ilk treat all prisoners with disdain and play games with men's freedom and with men's lives. She (Lt. Urine) hates the "White Hats" who come in to bring programming to the prisoners here. The administration here, from Rubber Stamp Wry-On right down to Director of Mistreatment C. Lurking, condone the Lt. Urine's and even giggle about the treatment back in their "conference rooms." Shame on you all. Staff at ShirleyWorld treat these vounteers as if they have committed a crime, and it is all by design, intended to frustrate these men and women to the point where they won't come back. The goal is to make sure that we, the prisoners, come back and if someone is teaching us "Alternatives To Violence" then the chances of us coming back may be reduced and they cannot have that. The job security of prison employees is dependent upon recidivism. That is why no matter how many hundreds of millions of dollars you throw into the prison budget you can never reduce the close to 50% recidivism rate. This is not a "rehabilitation" system, this is an "employment service" for generations of state layabouts and oxygen wasters. These people need to keep outsiders out of these prisons as they fear that once these "White Hat" volunteers view the truth in here, and witness how it is the guards, not the prisoners who are abusive to them, that they will tell the story (the truth about prison) to the world! They have staff like Director of Mistreatment Lurking play the "good cop" and commiserate with the old woman when she reports the abuse, but then tee totally absolutely nothing is done. That is the game; good "cop" covering for bad "cop". We ain't buyin' it here at Free Speech Central as we are proponents of "actions speak louder than words." When you boil it down it is the vibrant spirit of these blessed white hates that suppresses the true evil of these prison abusers, these members of the modern day Nazi Party. As we always say they should all pick up their paychecks with a mask and a pistol as they are robbing the treasury just as surely as any gangster. Lt. Urine is a blight upon society in so many ways; destroying marriages, making false assault claims, harrassing volunteers, ruining prisoners lives, and stealing your tax dollars. Her Bunny Ranch behavior and Heinrich Himmler attitude destroys rehabilitation and perverts public safety efforts, but they just keep filling her wheelbarrow with cash: YOUR cash. God bless Bountiful Betty and the other loyal and resilient volunteers who come in to help stop the madness. They are the GOOD that triumphs over this place of EVIL DOC layabouts.

- KITCHEN HIRES "CAKE" CZAR AND CONSIDERS FRENCH REVOLUTION CLASSES

Her Royal highness, our Fine Feathered Leader herself, Kelly Rubber Stamp Wry-On, had previously issued a "Let Them Eat Cake" order for the Alternatives To Violence program which allowed the program to receive

two (2) trays of state issue crumb cake for each day the program (Sat. & Sun.) here at the gulag. Saturday all went well. The prisoner facilitator went up to the gulag kitchen and was given the two trays of cake and all the participants got to eat cake during the break in the program and fellowship about the new alternative to violence skills they were acquiring. The bad news is that on Sunday the Kitchen Guardians hired a "Cake Czar" to reduce the provision of cake by 50% as an effort toward promoting more violence and in line with MCOFU guidelines. CO Meryl Streep only issued one tray of cake for the program, and when told that the program was authorized for two (2) trays CO Meryl Streep retorted; "They get what I say they get!", fully usurping Rubber Stamp's "Let Them Eat Cake" order. This is just another example of the hatred toward rehabilitation these backwoods gulag layabouts have. This fuckin' "Cake Czar" probably had his Little Debbies stolen all through elementary school, in more ways than one if you know what I mean, and now used his tarnished DOC badge to impose his self-loathing on the "cake eaters" of ShirleyWorld. Number one: why do they have so many cops hiding/working in the kitchen? Number two: When you have at least two (2) lieutenants working up there at any given time how is this lowly oxygen waster even having anything to do with how much cake a program gets? And Three: Can you believe that you are paying "Cake Police" with your hard earned tax dollars? This is ShirleyWorld. This is corrections/corruptions. They do all within their power to disrupt and destroy rehabilitation efforts as a method of job security. Each act they take, premeditated and well thought out, is to destroy public safety while projecting the appearance that they are working as public safety staffers. They are gulag jailers who destroy all that is good in the system and that destruction is funded with your taxes. The Cake Czar, The Water Bottle Detective, The Clothesline Task Force, The King of Walks and Grounds, and all the Peckerheads, McHardlys, and Chicken Littles are here to keep the summers of murder alive in the Mattapan Corridor. They are the problem!

- IVORY TOWER SUMMER CONCERT SERIES CONTINUES / KEGS ICED DOWN

The Live From The Alabaster Deck, Ivory Tower Concert Series, brought to you by Rubber Stamp Productions, Inc., continues here at ShirleyWorld. This week's acts are: Sgt. Barry Sadler to sing his hit, "The Ballad of the Green Berets" for our Larger but Lovelier IPO G.I. Jane-Eyre. We also have Waylon Jennings and The Kimerblies who will sing the epic tune "MacArthur Park" as apparently the Kitchen Nazis left the AVP cake "out in the rain", like the tune says. The Sex Pistols will close this weeks show with a rousing rendition of "Anarchy in The U.K." which they will modify to be "Anarchy In The Trap" in honor of that Sex Pistol herself, Lt. K. Urine.

More To Come...
