-RUBBER STAMP WRY-ON TO HOLD "MONTE CARLO NIGHT" DECISION MAKING SESSION

Our Fearless and Fine Feathered Leader, Kelly "Rubber Stamp" Wry-On, has decided to hold a "Monte Carlo Night" here at the gulag where some of the major decisions toward running this scow on the rocks can be made. Director of OverClassification Paris-Hilton will spin a roulette wheel to decide classification placements. You can bet on black/Concord Farm or red/Shirley Minimum. You can spin for black/SBCC or red/OCCC. If you need an "override" you can bet both red and black and get a "3-0 vote" which will immediately be shot down by Boston. We will also have "Medical Care Three Card Monte", where Doctor Karvourkian from the HSU will ask you to guess which card is the Ace of Spades in order to receive the procedure you require. Her "slight of hand" is so skilled that just when you think your going to get that Hep C treatment she will force you to select the Joker and send you on your way to liver cancer. Director of Mistreatment, C. Lurking, will be running a "Craps Table" where you can submit Inmate Self Improvement Group Applications, roll the dice, and come up snake eyes everytime! She will wear the Olive Oil costume from the Popeye movie and offer cans of spinach to satiate your discontent. Lt. Oh-Yea The Property Czar, will run a Blackjack Table where you can attempt to get your walkman or TV back after he lost it. If he has an 18 and you flip a 19 your property is yours! If you go Bust than he can donate the property to the Greenville New Hampshire Center for Self-Hatred and Loathing. New Deputy of Over-Classification Go-Get-Em' will host a Texas Hold Em' game in which you can go "all in" for a Overclassification Appeal. If you have 2 points, no d-reports for 100 years, and are only one year away from release she will deal herself a "Royal Straight Flush" to trump your need for reentry services and step down classification. The biggest gamble of all at this Monte Carlo night will be taken not in a game of chance but in the search for commonsense and professionalism. Deputy McCan't (he McCan't fund enough ways to pretend he is concerned with operations) will host a "Which Building Should We Close" slot machine. You pull the handle, the dials spin, and then the windows fill with the images of three sleeping guards: close the School. You pull again, 2 sleeping guards and a napping Rec Coach: close the Voc Ed. If your pull comes up 3 Laughing Captains (Captain Stupid, Captain Stupider, and Captain Stupidest) then they will announce in the blocks, "Tier time only! Break out the suboxone and home-brew!" Rehabilitation at its finest!! CO Hasbeen has been hired to wear a 1930's Cigarette Girl costume while hawking packs of Lucky Strike and Chesterfield. Lt. Urine will be allowed to perform Swan Lake on a little Ice Rink that Rubber Stamp will rent. Sgt. Bitch will act as Bathroom Attendant, a position he volunteered for due to the access to Charmin and Scott Tissue surpluses. It sounds like a grand event! Ladies and gentlemen place your bets!

-NEW MEDICAL TREATMENT PROTOCOL EXPERIMENT AT SHIRLEYWORLD - DR. OH-YEA

In another groundbreaking development here at ShirleyWorld the Death Squad in the Hospital Unit, Dr. Kavourkian and NP Chili-Choker, are

conducting an experimental treatment; they are "freezing" all the patients in an attempt to slow their respective diseases. Dr. Kavourkian was quoted as saying, "These old rapists and murderers are costing us too much in diapers and Preparation H. In an effort to slow the bleeding, literally, we have lowered the thermostats and taken away long undies and sweatsuits." NP Chili-Choker went on to say, "We made Lt. Oh-Yea! an 'Honorary Doctor' requiring that he deny and 'prescriptions' for long underwear and blankets that he may get." When asked if this lieutenant was sadistic enough to do this NP Chili-Choker responded, "Oh-Yea!" The men dying in the "sniff" did not raise a stink, except when they shit the bed, and the ADL patients are keeping their Deputy Denied-Oh Kool Aid chilled in front of the air circulation vents. The CPO (Can't Possibly Oblige) for the HSU/ADL/SNIFF has reportedly been "asking for months" for long underwear but apparently she was asking the Statue of Henry David Thoreau at Walden Pond as this administration surely ain't hearing her. Fucking winter will be over before these epoor old men get their long underwear. How do these people live with themselves??? If you're an Insecurity Perimeter "rat" you get thermals (there are more tellers here than at a bank!) but if you are 80 years old and dying you can freeze to death while Lt. Oh-Yea worries if you have too many socks in your property. Pretty soon they "sniff" (smells like death) unit staff will ask to replace the wheelchairs with dog sleds and NEADS program kool aid guzzlers from the minimum (ShirleyWorldLight) can come down and "mush" the dying old men back-n-forth to the Shatuck and Boston Medical Center. Think of the gas money it will save! You can't make this shit up: men in the HSU are freezing - the property department has boxes and boxes of thermals - but not one of these cruel and uncaring bullshit suits can issue the order to that sadist Lt. Oh-Yea to give the old men long underwear. They are truly the Devil: pure evil. Mya Angelou said, "When someone shows you who they are, believe them." This is who these people are! Scum of the earth and the dregs of humanity.

-SHIRLEYWORLD SECRETS FASHION SHOW TO BE HELD - PIGWALK TO BE BUILT

The latest buzz here at ShirleyWorld is that the superintendent plans to deal with the over-active libidos of her female staffers by letting them "strut their stuff" (whether they have stuff or not) at a Victoria Secrets style Fashion Show. The cons in the new wood shop are busy building a "Pig-Walk" reminiscent of a Milan Cat-Walk down which these ShirleyWorld porkers with Sashay. You will have Lt. Urine wearing a Dorothy Hamil-esque Figure Skating tu-tu minus the lower portion. She will skate to Def Leopards "Pour Some Sugar On Me!" while airing out her well stuffed beaver. Grievance Coordinator Moniker=Dark Forrest will model the latest in S&M latex complete with the "gimp" mouth-ball gag and zipper crotch access. CO Hasbeen will strut down the Pig-Walk in a risque' pair of dark blue Daisy Dukes and belly-tied white wife beater while wearing her sweat-soaked MCOFU baseball cap. Dark Forrest will walk to the tune of Ram Jam's "Black Betty" while CO Hasbeen will wiggle to the sounds of Buckcherry's "Crazy Bitch". You will also have the first transgender

model in corruptions history displaying his/her "bits and pieces" for the audience. Sgt. CarMan will dress as Caitlyn Jenner on his/her left side and Chaz Bono on his/her right. They will play the Kink's tune "Lola" as he/she shakes his/her moneymaker down the Pig-Walk. You will have Director of Mistreatment Lurking showcasing a Catholic School Girl outfit made by the IPS informants in the MassCor sewing shop while the Music Program Band plays Thin Lizzy's "Jailbreak" at record volume. Our Director of Overclassification Paris-Hilton will dress up as the famous deceased Mexican Recording Artist Salena while dancing around a sombrero to the sounds of ZZ Top's "She's Got Legs." The Fashion Show finale will feature two of the departed ShirleyWorld's finest strutting thier stuff. The Pig-Walk will have to be reinforced while Sheila "Big Stuff" Kill-He, dressed as Shelly Winters from the Poseiden Adventure, high-steps to Rush's "Tom Sawyer" and none other than Deputy Karing Denied-Oh, dressed as Kathy Bates from the movie Misery, dances wildy to the tune of U2's "Still Haven't Found What I'm Looking For.", as it relates to her quest for a superintendentship. It should prove to be a wonderful time for all involved!

-HOLIDAY SLOPPING OF THE PIGS * OR * THE DO-NOTHING CHRISTMAS PICNIC

Not that the layabouts could possibly get enough time to "fuck off" on their 8 hour shift, but they will again get to wish the prisoners a "Merry Christmas" by locking them in early so that they can feast on Hog Food. What follows is the advertisement for the 2015 "Slopping Of The Pigs" at ShirleyWorld where the oxygen wasters on all three shifts will be fed hog food which they "claim" is purchased out of Union funds; but we all know the food comes right out of the same Culinary Arts (aka The Hog Troth) closets and freezers. I'm sure if a forensic accountant was called in they would see years of embezzlement and misappropriation of funds, but who wants to think of a thing like that at the Holidays? Certainly not Governor Young Nazi. The pigs here will have to put down the computer mouse while playing solitaire, wake up from their naps and wipe the drool off their respective faces, and head on up to the Hog Troth to be fed a fine menu of state delicacies. It is rumored that the Instutional Armorer, in between punching out early, will lay out Glock 19's and hollow point bullets just in case any oxygen wasters want to get it over now - if not they can wine and dine with the other self-haters on various porcine snacks. I suggest that you try the Apple Crisp with a whipped cream known as "Irwin Lady Lava". Another favorite is the Baked Haddock with ganja stuffing made by Lt. Peckerhead. Sgt. Bitch, known as the correctional baked ham, will be baking a ham wrapped in moisture promoting toilet paper freshly stolen from Boston Medical Center. Julia Child would be envious. If there was a Santa he would throw a pressure cooker bomb down the chimney of the Hog Troth during the height of the event. It would certainly shorten his "Naughty List"!!!
