God bless you. Thank you for responding.
This writing To Americans and our Nations.
My heart is sadden everytime I hear of
a mass of people dying or injured because
Some radical or foolish people ambush them.
It sadden my heart that somebody got
robbed and killed, Domestic violence, Innocent
Child dead or sexual assaulted, Unarmed
suspect or citizens shot to death. Sometimes the
Worst enemy can be oneself. Truly Guns
and violence has gotten out of hand. I often
tell people whatever you put into your mind.
Guess what that is the fruit you will produce
in your life whether it's good or bad. For example
if I am person who loves to watch violence on
TV, If my mind is not guarded, I will want to do
what the people do in the movies or TV. In my
heart I want to lose weight but mind says
honey gone eat that you already fat. Constantly
I keep food in my refrigerator that I know its
not healthy. Guess what I am going to do is
eat and eat. That saying, we are creature
of habits ^{is} 100% ~~truth~~ true. But there
is going have to be some decision made in
America that is better than it is now.
Have a nice day.

God bless
