

SHIRLEYWORLD UPDATES
"Let The Bullets Fly!"
Chapter LXXXVI

by Timothy J. Muise

* * * * *

- LT. PECKERHEAD BEAT UP BY A GIRL! TRUTH BE TOLD!!

In another great example of the truth is oftentimes much more interesting than fiction, one of our favorite shitbags here, Lt. Shameless Peckerwood, got beat up by the infamous Sgt. Down Syndrome Debbie! I shit you not. On Wednesday night, February 17, the chowhall was being run by Sgt. Down Syndrome. Lt. Peckerhead came in bragging how he just "left the hole" and was now "117". He then went over to Sgt. Debbie and got in her face. I've got to give it to old Debbie, she fired right back at Peckerhead, told him "Come the fuck outside!", and she stormed outside the door. Lt. Peckerhead slinked out behind her and she went right to super-blitz-mode and screamed at Shameless, "Don't you ever talk to me like that you fuckin' shitbag! Never fucking talk to me like that in front of a fuckin' chowhall full of cons!" You should have seen how red this Peckerhead's face was. It was a true Kodak moment! She bitched him up like the true man-bitch he is. What a fucking Village Idiot this fool is. A tiny little girl, Sgt Debbie is 5 foot nothing but she put this yellow-bellied Peckerhead right in his place. All the guards in the Chowhall were laughing and as usual it was at the expense of Lt. Peckerhead! He is a true Village Idiot, a real Court Jester, and just plain old fashion fool! I hope he is not under the mistaken impression that Free Speech Central won't be reporting this event to the proper authorities. He was abusive to Sgt. Down Syndrome and must be held accountable; even though she held her own. This moron Peckerhead is loathed by those he works with and despised by the cons. He should just get it over with and enjoy a nice Sig Sauer delivered 9mm bagel! He just came off "no contact with inmates" status here at ShirleyWorld and we will work to get him back on that. He is everything that is wrong with the prisons; utter incompetence! When he is gone, which we will move to make sooner than later, the Village won't be missing their idiot as we have many more to take his place, but it will be a true challenge to find one of his level of moronic stupidity and open-mouth-insert-foot proclevity. Good job Down's Syndrome Debbie! We give credit where credit is due!

ALL HAIL THE FACISTS!

- HOPELESSNESS/RECIDIVISM NOT THE PROBLEM - IT IS "SUGAR"

Well all those with a "Sweet Tooth" here (and we are not talking about the Unit A-1 Brothel they run here) will have their jones on for the next several months as in thier infinite wisdom the Rubber Stamp Wry-On Brain Trust here has decided to ban the sale of "sugar" in the prisoner canteen. These genuises have decided that it is not the lack of accountability for staff who are derrilict in their duties, or the failed "drug" program which refuses to track success, or the lack of reentry beds and minimum security beds that produce the inflated recidivism rates here at ShirleyWorld; it is SUGAR! Our Fine Feathered Femme Fatale' has released a "Memo" which will

solve the correctional problems that have plagued the system for decades; it is known as the "Sugar Declaration". Now I will admit that ShirleyWorld is known in some circles as "The Lynchburg, TN of Northern Massachusetts, as, like Lynchburg where JackDaniels is distilled, ShirleyWorld has quite a bit of distillation going on. Some call it "Hopelessness Elixer", others call it "Recidivism Rum", but we here at Free Speech Central call it "Ryan's Rot Gut" as it is a product of a prison run with no accountability and devoid of opportunity. Men are daily stripped of dignity. They are supervised by the likes of Lt. Shameless, who certainly has a load of "sugar" in his tank, and fools like Peckerhead would make anyone want to booze it up. You have Lt. Urine treating visitors and volunteers, the only folks who build prisoner self-esteem, like they are villains, when all the while Lt. Kim is just searching for another "Sugar Daddy". Men here ride the Suboxone Train and guzzle the Gulag Gin because this joint is a true shithole with no real rehabilitation. The "Sugar Declaration" is a cop-out (pun intended) and we all laugh about the madness that is ShirleyWorld "Security". Let's all raise a glass to continued recidivism, abusive guards, and overtime/staffing abuse, as they surely are not the problem. It is SUGAR!

CURE-ARM DIRECTOR SHAWN FISHER

SPEAKING TO HIGH SCHOOLERS

- MEN WORKING HARD TO BRING REAL CHANGE IN SPITE OF GULAG MADNESS

Some motivated men here at the prison, true examples of "the quest for self-realization" - which is the definition of rehabilitation, are doing what they can to bring the message of the failures of the prison system to the general public, as well as to educate our youth about real change and the ability for the incarcerated to heal and reenter society safely if they are afforded the proper tools. When folks outside of prison became so outraged at what they saw as a "purposeful" and "malicious" failure in the Massachusetts prison system - with the intent of creating and protecting an informal "jobs program" for guards and their families - they reached out to informed and motivated prisoners and formed CURE-ARM, INC. Shawn Fisher, a real example of rehabilitation, was asked to be their director. Shawn reluctantly agreed as the "beat down" the system had bestowed on his self-esteem made him feel he may not be worthy. But the FreeWorld Board of Directors knew he was their man and now, only a short time later, the group is making great advances under Shawn's guidance. This is what can be done when men/women are truly allowed to "rehabilitate" in prison, but the sad

truth is that the Department of Corruption gets in the way of such efforts and men like Shawn Fisher are the atypical example of what can be achieved. In fact, when men attempt to "fix themselves" the prison system will raise "security concerns" and twist the truth into something only the evil mind of the jailer could come up with. The prison system, with ShirleyWorld as a prime example, has absolutely nothing to do with rehabilitation. It is the few motivated prisoners who create positive influence that bring others to the altar of "self-realization". Thank God for that! We need to support men like Shawn Fisher, organizations like CURE-ARM, and work to cultivate more motivated men/women who can assist their brothers/sisters behind the in working toward that self-realization. Please contact the President of CURE-ARM, INC. at;

REHABILITATION

BE DAMNED!!!

- CORRECTIONS ON ICE COMING SOON!

After Governor Charlie "Young Nazi" Baker released his lucrative DOC Budget the Brain Trust at 50 Maple Street has decided they can afford to produce a Winter Gala called "Corrections On Ice". They will pay Lt. K. Urine, and old figure skater from way back, to correograph the event which will feature Tac Team Members, in full mask and body armor, skating around with battering shields in the air while singing, "I'm a little teapot, this is my spout!" Unit CPO's will don their Gray Shirts and dance opposite the Rec Coaches, wearing their Red Shirts, while singing, "Money for nothing, chicks for free!" The "suits" here will wear various costumes and skate in the Grand Finale. Director of Mistreatment Lurking will dress as Olive Oil, Deputy McCan't will draw on fake tattoos and smoke a pipe while playing Popeye, and Current DOC Director of Victim Services, Sheila "Big Stuff" Kill-He, will play Brutus with an epic battle of good vs. evil playing out on the rink ice! After the main show an "Adults Only" event called "Beaver On Ice" will take place. CO Hasbeen, Deputy Denied-Oh, CPO Debbie Cold-Her, and CPO Heather Messy-Her, will strip down to their birthday suits, wearing skates only, and will be led around the Rink by Lt. Urine shaking their money makers to the sounds of "Fat Bottom Girls", by Queen, "Girls, girls, girls", by Motley Crue, and "Skating Away..." by Jethro Tull. We really look forward to the Conga Line they plan while Thin Lizzy's "Jailbreak" blaes from the Sound System. Sounds like a "sound" use of budget funds and should be a good time for all involved!

More To Come...
