"If I ever" ☆ ☆ ☆ ☆ ☆ ☆ ☆ ☆

I've given myself, "whole heartedly" allowed her love to become a part of me, to the point where nothing even mattered knowing that she would one day be my wife, "queen," at times ~~when~~ when we were together, it felt like;

I was living a dream so it seemed, our bond so strong, we were stronger than a chain linked fence I was truly convinced she was for me you know like the saying ("Ebony, Ivory") damn all I can say is if I ever !!!

One day I was listening to Ludacris/Miguel needin a real good lovein' bothered by the things I've seen, Cause love don't, Love me anymore even when I've expressed, I'm going lov you, like I'm going to lose you, love you like we're running out of time!!!

its hard to read between line's when you've poured your heart out in a way that's so strong it line's ourself to life in the most unimaginable way all I can say is if I ever !!!!!
