Hi Rita,

You were close, I didn't get your message on the 29th, got it on the 1st. Which is better, the U.S. or Belgium? I ask because New York state is a lousy State. The government is corrupt and the taxpayers are paying to keep men and women in prison illegally.

No, the only books I read is law books and books on my religion. I do have a radio and cassette player, but no TV yet. We have them here, just can't afford one yet.

I don't do sports, I keep busy all the time with my prison job in the mess hall. I do yoga, it's part of my religion. Once in awhile I will lift weights and do pull ups.

Yes Rita, that would be nice to get a letter from you. As I don't get many letters.

Take, write more later.

Henry

Hi Rita,

No, you didn't spell my name wrong on your last message. Henry is the correct spelling, the way you been writing it is how they spell my name in french. But either way it's still me.

Yes, I am fighting my case and I will never give up. Even the DNA cleared me and still sent to prison. That's part of the corrupt government.

Yes, other than Country music, I also enjoy the oldies of the 40's and 50's. I don't do any instruments. I can play guitar a little but never continued with it.

Why don't you like fishing?

The only letters I get every month is from one of my sisters, Trina. She is the only one in my family that cares about me. I did get a couple of letters from one of my daughter's, Tina. But those letters hurt me because she doesn't believe she is my daughter and she wants a DNA test done.

Take care and enjoy your days also.

Henry
