I
AM
AN
AFRICAN
CLASSIC?

Although the **African Elephant** is a huge animal, its large gray form disappears as it stands still in the shadows of trees and thick grasses. The adult elephant has few predators, but camouflage protects young elephants from lions and tigers.

THE BIG PICTURE is IN THE DETAILS.

25 FEB 14

"The Elephants would like to remind you."

Sometimes - often

Too many people are focused on the

BIG PICTURE.

However, there would be no big picture, without
DETAILS.

Attention to the details is what will
insure and assure a clear picture
and right perspective.

After all, haven't you heard? —

GOD IS IN THE

DETAILS.

J D J

NAKUMBUKA

(I REMEMBER)

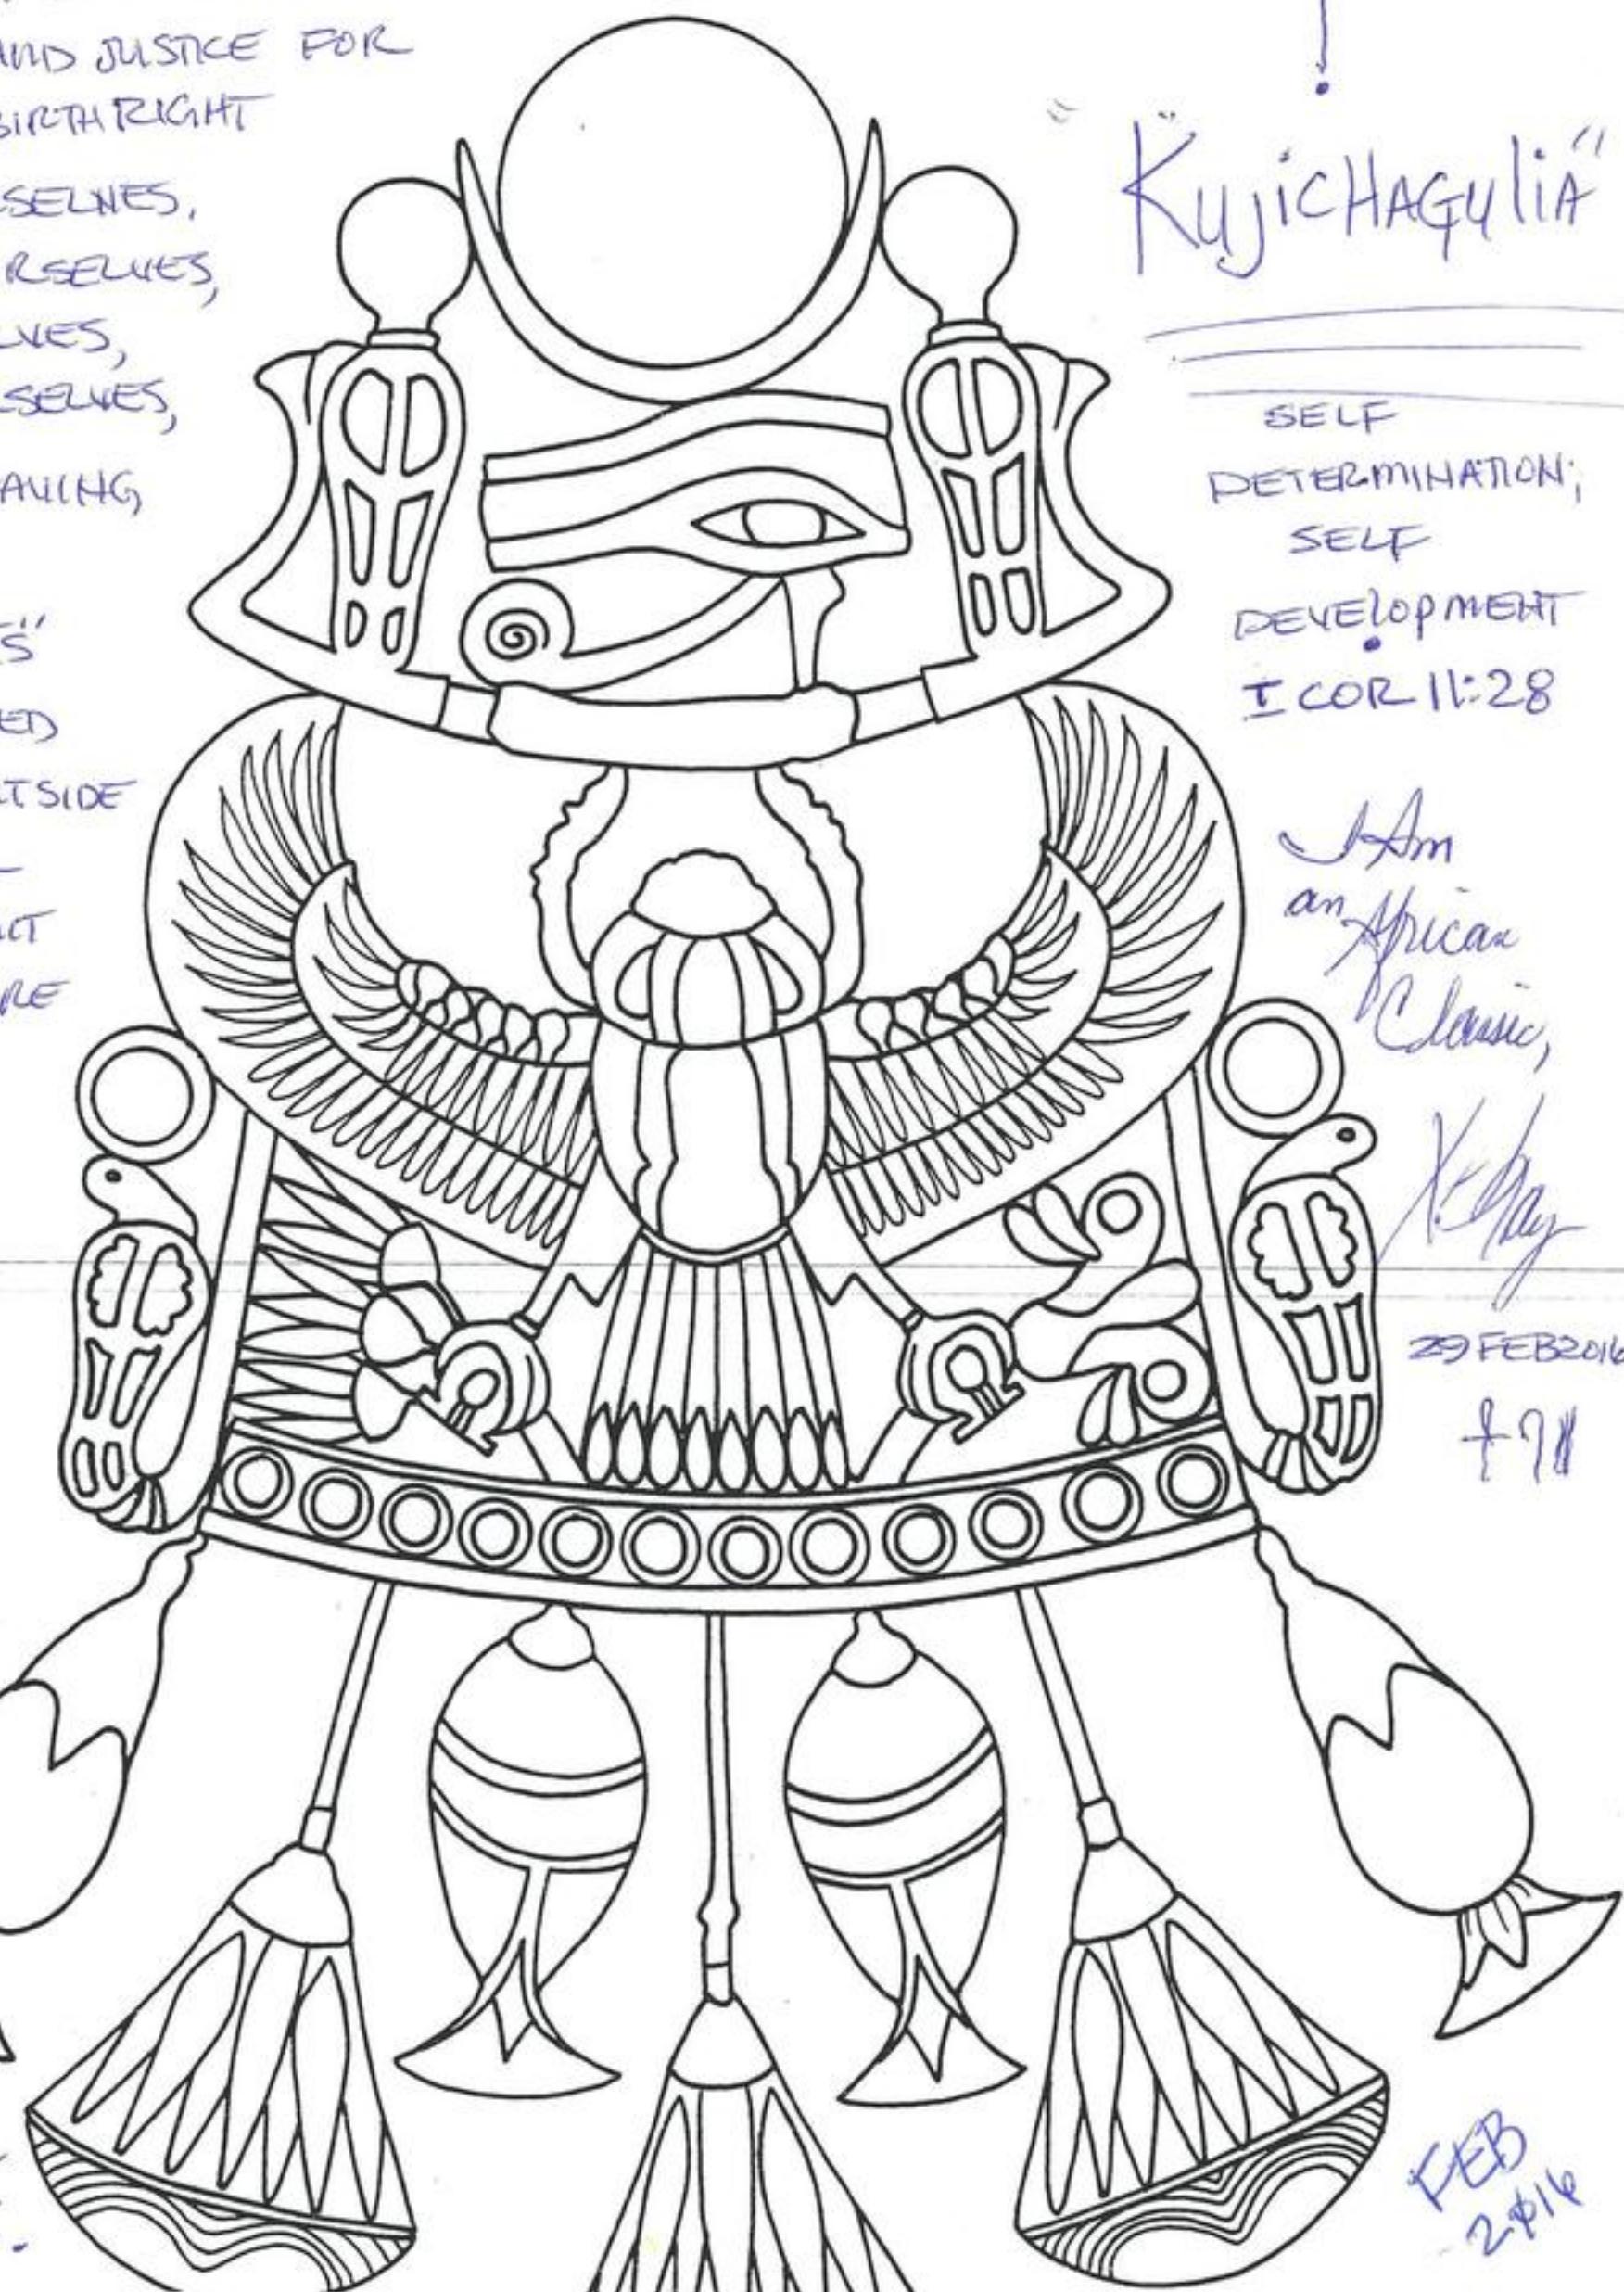

- ALL THINGS SACRED.

WE SEE PEOPLE, PLACES, THINGS; AND WE SO OFTEN ASSUME IMMEDIATELY WHAT IT MEANS, OR WHAT THEY MEAN. TOO OFTEN WE ARE SO INCONSIDERATE OF THE SOURCE, PROCESS OR REASONING OF A PERSON, PLACE, THING, OR CULTURE. EVERYTHING IS NOT ABOUT US. ALL LIFE DOES NOT BEGIN WITH US. SO PLEASE RECOGNISE THAT ONE ELEMENT IN ~~THE~~ LIBERTY AND JUSTICE FOR ALL IS THE BIRTHRIGHT TO NAME OURSELVES, SPEAK FOR OURSELVES, DEFINE OURSELVES, THINK FOR OURSELVES, INSTEAD OF HAVING ANY OF THESE "BIRTH-RIGHTS" BEING MODIFIED BY ANY ONE OUTSIDE THE "SELF" OR HAVING TO SUBMIT TO THE PRESSURE OR OPPRESSION OF SEEMING PEERS OR MASSES, OR STATUS QUO.

THERE IS A CLEAR REASON WHY EACH OF US HAS THE UNIQUE AND UNREPORTABLE

D.N.A.

REACH FOR THE GOAL OF EXPRESSING THE BEST AUTHENTIC YOU — NOW.
