

Attention!
"New
Blog"

MARCH 15, 2016

Dear Friends, "of, Between The Bars [Blogs]"

Hello Again! Very Sorry, but the long delay since my last blog was due to no fault of my own. Reason for the delay, I was locked away in one California's Bastille Dungeons. For a number of months I was left without a viable means of communication. Such is life for a political prisoner.

Well, I AM BACK OUT ON A YARD AGAIN. ALBEIT, NOT THE SAME YARD I WAS PREVIOUSLY AT, BUT JUST THE SAME, I'M BACK OUT ON A PRISON YARD. AND I AM ABLE TO EXCHANGE COMMUNICATIONS WITH THE OUTSIDE WORLD AGAIN.

I figured I ought to post a new blog to let others know my website is still active. (Although it has not produced the results by reaping the return responses I intended.) Come on! Give me a try, you'll never know unless you knock on the door.

Please allow me to take this brief opportunity to state my grievance and fond fare-well to

A Fallen Comrade who passed away while I was recently in lock-up. His name was "Yogi". (Hugo Powell by given name). Others will remember his repute from the infamous San Quentin 6 case. I, myself was not involved in the San Quentin 6, although I consider myself a related comrade through past relationships. This comrade was murdered on one of Folsom Prisons yards while I was next door in the hole. He will be missed by the Movement that will never die out!

These are those who may consider this particular blog to be a procedural report, updating potential viewers on my website on current events, and they would be correct. This is not one of my normal blogs. Although it is still "political" in nature and certainly relative to my case, me, and past posts to raise political issues. One primary political issue I want to report now is a new Parole Board hearing soon to be scheduled for me due to a Federal Court order

That mandates they hold such a hearing
for me under what that court termed
"Parole process for inmates 60 yrs. of age or
older having served at least 25 yrs."
see U.S. Dist. Ct. for Eastern Dist. of Calif.
& Nor. Dist. of Calif., U.S. Dist. Ct.
composed of 3 Judges pursuant to Sec.
2284, Title 28 U.S. Code. [Coleman vs.
Brown, 2:90-cv-00520 KJM DAD PC,
3 Judge court, & Plata vs. Brown,
CO1-1351 TEH, 3 judge court] Note!
All such cases & court orders are
made available to the public, (as
well as my case in question). This
Federal Court order happens to be a
case that is especially political &
of public interest out here on the
west coast. In lieu of this court order
my Parole Board Hearing, along with
my case & case factors will be available
for public inspection. So, I invite
all those who might be curious to
learn about my case, my Parole Board
Hearing and/or the politics involved,
to tap into the upcoming events.
(Parole Board Transcripts are made

Available to the Public too). I Am not shy about Admitting the political nature of my case, to the Public, in Court, or at Parole Board Hearings either. And this upcoming hearing is no different AS FAR AS I Am concerned, & I intend to speak about those political issues until the Board or my lawyer tells me to be silent. I will reiterate my innocence of the crimes again, also.

AS before, I Am requesting any type of help so I can obtain my freedom at this new hearing. legal help in any way ^{is} would help too, since I would be in a much better position to actually get a parole at this hearing if I were able to hire my own Parole hearing specialist. Lawyers cost money AS you all know. But, even letters of encouragement and support are welcome also.

AS quite a lot of the public is becoming increasingly aware AS they view the seasonal electoral process, there is a form of political power play going on behind the circus

The public actual sees, I do not intend to draw a conspicuous, pretentious comparison of current political events now going on in public and political events related to me & my case. I came from the street level & most of my political background comes from an "underground" frame of reference. Just the same, politics are politics, & I sometimes see the parallels from my radical point of view, to the other end of the political spectrum we see with ~~unsister~~ politicians,
