The Truth About the Subway Pedophile, Jarod Fogel,

by Nate A. Lindell 27 March 2016

TMZ and other media announced that Jared got beat up (or down) in the Colorado fed. prison he's in. It's an F.C.I., a medium-security joint, or Jared would be dead. I spent 20 months in the feds at 4 pens + know this.

And contrary to what that dumb nigger (no offense to Black people) Steve Harvey said on his chatter show, no Black man would be fucking Jarod. The Whites would kill Jarod ASAP, with the utmost joy. E.g., when I was at Allenwood, a mellow pen, a white y came in, was assigned a white convict cellie, guard let the convict know the new guy was a pedophile + the convict let the new guy in, choked him unconscious + was in the process of hanging him with his belt when a D.C. Black snitched + the guards had to save the pedophile.

It's that serious at active pens + even "safe" pens (where ex-gang members, snitches + sex offenders are sent) like Terre Haute (pedophile was stabbed 13 times when I was there) pedophiles are occasionally hit.

If a white guy ^(A) gets a pedophile cellie ^(B), or even a cellie ^(C) with a write up for flashing his dick to staff, + doesn't brutally assault or try to kill him that white prisoner (A) will get what he was supposed to give.

I call Steve Harvey a nigger cause he's that stupid. A Black can't put his hands on a White or vice-versa in pens. Likewise, rape of prisoners is rare, as the rapist will be hit by his own people.

It's a hardknocks life in the feds. But Whites in FCI's are generally trying to stay there. Jarod's just such a juicy target, being famous, that every now + then there'll be a white convict that says "Fuck it" + goes hard at Jarod + he'll get respect for that when he's sent to a pen.
