Why You Should Hate Hillary Clinton

A person should be judged by the company they choose to keep. And Hillary chose to stick with slick Willy, who 1) repeatedly lied to the public about Monica Lewinsky going porn-star on him in the Oval Office; 2) didn't do the honorable thing & step down after caught in that lie; 3) approved the heavy-handed tactics that led to the Waco, TX holocaust & Ruby Ridge slaughter, which inspired Timothy McVeigh's bombing in Oklahoma City; 4) while portraying himself as a liberal, he signed into law two anti-civil-liberties/rights bills: the Anti-Terrorism and Effective Death Penalty Act (A.E.D.P.A.) and the Prison-Litigation Reform Act (PLRA).

As a prisoner, I well know the unjust results of the AEDPA & the PLRA. Under the AEDPA, for one example, you can be innocent, but if you don't file a habeas corpus petition within a year after your case is closed, you're barred from ever filing a habeas corpus petition challenging your incarceration. Under the PLRA, if a prisoner doesn't first file complaints with the very officials s/he intends to sue for abuse, the prisoner can't sue over an issue — no insane, illiterate or scared prisoners can sue. The AEDPA & PLRA deny justice, period, to those in prison. Given that Blacks are so disproportionately imprisoned, it's amazing that Bill Clinton wasn't assassinated by a Black person & astounding that Hillary gets any Black votes.

Feminists — apparently they have amnesia. I mean, I am sickened at the sleazy shit Bill pulled with Paula Jones (look it up on Jones v. Clinton, 1994 U.S. Dist. LEXIS 5739) — that story's too stupid for her to make up, and Clinton's bodyguards & a campaign aide named Betsey Wright verified that Bill Clinton was right up there with Bill Cosby in the number of accusations — and it was George Stephanopoulos who intimidated women from ratting on Bill... the same "journalist" who's mollycoddled Hillary's campaign & laid into Trump.

What in the fuck has Hillary done to lift up poor people so they can become self-reliant? What has she promised to do? She only started "talking" about NAFTA & CAFTA bleeding our jobs weeks after Trump & Bernie promised to end "free" trade disasters.

I could go on about this empty, phoney, lying pants-suit wearing weirdo, but dummies will still support her.
