

FUTURE GOALS

My future goals are to own my own business and to be very successful at whatever I do. To make up for all the time that hasn't been spent with family and friends. I want to be able to prove to myself and to show everyone, that no matter what crime you commit and with the odds stacked against you, you can be a pillar of Society.

My goal is to make certain I never return to prison. I want to someday own residential real estate and my own home.

These are goals I've set to make a better future for myself and the people around me...
