T

- REBEL IN THE SOUL | BERLIN PAPYRUS 3024 |
(TEXT : RE-COMPOSITION)

YOUR WORDS WILL AWAKEN THE DIVINE MIND
STILL A SHADOW CAUGHT IN THE LABYRINTH OF ITS OWN
ILLUSION.

BUT IN THIS BODY, WHICH IS YOURS, ~~WHICH IS YOURS~~
~~WHICH IS YOURS~~, I AM THE PROGENY... A FIRE WHICH WILL
NEVER COOL. RISEN AS A OBSTANATE, REBELLIOUS
SECOND SELF. WAKING AS AN HALF OPEN EYE IN
THE NETWORK OF ITS OWN BEING, WHICH YOU FACE
WITHOUT UNDERSTANDING.

LIKE THE ONE WITHIN THE PYRAMIDS WHO
STOOD UP, SURVIVOR OF THEIR OWN BURIAL...
RISING FROM THE TOMB ON THE DAY OF BURIAL
HE WILL INSTALL HIMSELF IN EVERLASTINGNESS.

THE BODY GOES TO THE EARTH, SO THAT I MAY
ALIGHT AFTER THOU ART DEAD.
FOR ABOVE IS EXALTED BY BELOW AS
IS WRITTEN IN THE SCRIPTURES.

VERSES:

The Closed Lotus: Taishia Miller

Smell, and inhale the essence of life,
The closed Lotus.

The imagery for both maturity and exaltation,
The closed Lotus.

Offer inward life to the seed, to your Heir,
The closed Lotus.

Project unto us the quickening new direction,
The closed Lotus, Bloom.

Phases: Kevin Davis

Tempted soul,
by the attractive prospect,
of the blissful,
beyond the man,
a cycle of births and deaths,
destroying weakness,
rebellion, and misery,
a dialogue between doubt,
and inner knowledge,
precede real understanding,
of spiritual evolution,
Smiling eyes remain,
the extinguisher,
of lies, and phases.

Verses:

Crawling: Nicholas Robinson

Crawling towards The Nile River,
taste her living waters,
as copper, and red pass,
through your prison,
releasing your soul,
we've lost you not,
regaining your divine mystery,
as the earth absorbs,
freedom's blood,
Crawling to Freedom.

Night Drift: Trevon Martin

Develop his soul,
from the human stages,
to that of a God,
a transformation known,
deified him to the highest good,
our young prince,
on a night drift.

VERSES:

Beyond: Mario Woods

With this papyrus
My soul gathers consciousness far beyond

Beyond the windows
Windows of an execution chamber tomb
where Midnight refuses to chase

My soul said to me, Forever, do,
exist, face truthly this flame
Brother, as long as you burn
you belong to life, now,
hang up your misery

Deeper Than Death: Alan Blueford

Deeper than death
my lips are remembered
The truth you seek
in what I speak
My soul shall never be rendered
Deeper Than Death

Verses:

Origins of Light: Freddy Gray

Prince of the permanent
hungry for ease
afloat your flesh to rest
in a cold fridger piece

Shadows caught through networks of screaming
awake in your tomb, free us from dreaming

Be not the casual night
as others rise unto your origins of light

TAMIR: Tamir Rice

The Boy builder, wilt NO HURT
Lost souls bewildered, as we thirst

Missing you, wishing you, loves BURNING
Kiss the SUN, FOR OUR EARTH, IS TURNING

Tears flow, where fears go,
safely into the night.

Float above our protest mode
racing toward the light
The light we call Tamir

VERSES:

Another Sun: Oscar Grant

More powerful, therefore than life,
this grain, as the highest function,
above natural laws, which perpetuate order.
consciousness has taken your side,
in the equilibrium, of the multiverses,
assimilated into another Sun,
causing greater life to exist,
FOREVER, life, caused by you,
Now, another SUN.

Twelve Hour Voyage: Eric Gardener

Proportion, balance and Judgement,
God of peace between the gods,
twelve hours and gates of the voyage,
this boat of the Sun,
through the underworld,
absolve me by this elaborate plea,
shadow of truth,
avenge, on behalf of this tomb,
and the dark night of all souls,
where all can finally breathe,
again.
