

♡♡ Heart to Heart ♡♡

This weeks post (3/28/16) got here on Friday, 1 April 5 days I hope my posts are getting posted in the same time frame, at least 10 days 2 weeks". I'm trying to get something out in that time frame. I feel you with me everyday and at night I can feel your body against mine spooning with me and I know in my heart you are there with me. I love you everyday, you are my heart, each day I find I have more love for you and more to love you for. You do not have to pretend that I am there holding you each night as you sleep - my heart is there holding you close every night. I find both joy and strength in knowing you are always with me - that our love is forever. I find a different kind of joy and strength in painting most of which I do with you on my mind 😊 I did finish this painting this week" (loves mostly) I'm going to do something to post my hands are feeling better - still hurt but not so much - still waiting to get back to the doctor. You've always been so strong and independent, some times vulnerable yet always protective - I love you. ♡

Endless Storms

I can see
the coming storms
there is no
end in sight
I search for
places to hide
but this storm
has caught me
as lightning strikes
all the sorrow
the rain falls
from the sky.
the rain falls
from my eyes
I stand here
in hopeful wonder
how long will
this storm last? 4/3/16
