Part 3

what can I tell you about Washington

State Penitentiary I'm worth. It's How they picture

It or depict ~~it to be~~ ~~it's~~ How The Unit is very cold during the year around... They keep it that they... for a reason... to torture us... All of the Correctional officials are fuck up people with disturb

personality. Everybody is all fuck up in the head way or another... They a story to tell... correction and deathrow inmate. one to listen... The disease

The Unit Porter  
Serial Killer  
Robert Yates

In their  
in some-  
all have  
all officials  
if you're  
of mental

And emotional illness is catchy... you're quit to get sick and run around like the rest of the ones who are sick, ripping shit up for no reason under the gods earth sun.. I was in (Green) F mod... 2013 and Robert Yates comes through pushing a broom. or it's better to say being escorted into the mod... The saddest thing about this environment, is; that those who are **HAS** slated for death by a murderous government are compell to live in the same racist state of mind which had them arrive to their gloomy destination. where - death is only a denial of a court order away...

Did you know - That Robert was a correctional official at the same place he is now housed at. I guess I can see that kind of trait in his already fuck up personality... yeah !! In the 70's... I personally could not like him... Because of the racist ASS environment...

# RANT TO RAVE

I couldn't tell you what kind of person he was or is because the code is that you only talk to your own race... I guess this is a strategy by the Administration to keep us farther unhealthy and separated... The good ole divided and conquer story... He began to tell me he was in D-Unit in swing some time ago then moved over to the new unit, when it was close, he was moved to Iru North. As I was saying Iru North is a cold unhealthy dirty place... Before I left, they put tables in the cells. ~~I hated moving them~~ what I hated more than anything was the personality of the Administration and their torture, force interrogation tactics. I would see and feel the mentally unhealthy state of those who are slated for death above the table. I guess regardless of what they try to convince me of... I know for sure that an entity within the body of this government has pronounced a death sentence upon me without no justification or regards for the life of us Negro-ethnic peoples. Death was issued out over us upon entering into a world for which we belong by them... I guess I can relate to Robert Yates, besides the fact that I don't harbor the feeling of killing females because they're females, and from the sense of it I don't think he did either... I guess... that sometimes peoples can't shake the curse that has been pronounced upon them. I can still recall his last words... "I'm gladder they caught me... I was all fuck up" ! Robert Yates !! what they don't understand is I dated more women than I've killed... Robert Yates... An special forces Army Helicopter pilot, An instructor of the National Guards...

## RIANT TO RAVE

with all of your military training How did you manage to get apprehend? I asked... Robert Yates Being Irrational! I was really all fuck up in the head... Did he kill these prostitutes for them being women or because they tried to play the wrong trick... Me if I was out looking for some easy piece of ass an one of them nasty ass prostitute, hookers (who would never be a Ho) try to play me... I guess I would have to introduce her to the fat lip philosophy...

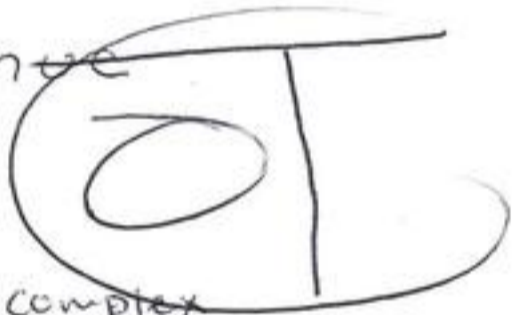

TAKING Her Life... God... I'd... Hope - I'm healthy enough to control myself now, from unnecessarily putting someone light out... But we don't determine our health... The only thing we determine is if we need to seek help! If we are healthy enough to accept the help/treatment (without resentment) that we need to get us on ground BASTS... Garry Ridgeway was different... when I was next to him. I didn't know, I was next to him and it seems to me as though everyone around us was trying to create an 'i-mos-i-ty' between us... The rumors is - He lead down 50 - count em - - and held them at BAY for some time before they caught him... I guess I can sense that about him... He was in the Army as well. I see the pattern, do you? Is there a deeper story behind these two horror, American horror stories... maybe... But it's no telling... well and I just don't want to... I asked Robert slated for the lethal injection, a bullet through the heart, the gallow, the electrication chair YATES 997

# WANT TO RAVE

one final question which don't seems  
all that important now... it does not matter if  
he is interview by reports or his love ones come  
and see him or not... what matters is he as so  
many military, army veteran, citizen of this ungodly  
country is betrayed and abandon by a government  
that has sworn to protect it citizens...  
But I guess when you'd wage a war against them,  
you can't betray them or abandon them...  
The citizens of this country...  
The united states of America...

Capital + List =  
Capitalist... How else was

I suppose to teach you... to  
help you understand the seriousness  
of your plight... are you pig  
headed... is it easy to  
cloud your judgment...  
I said that it must be a  
journey you must travel  
alone... have you reach  
your destination... have you  
come to understand.....

See you brought your hot  
blend ass to me, Ho...  
and yet you don't get it...  
must you learn like your  
cousins... are your heels  
to tight, small, big for your  
feet... you put a very warm  
fuckin' life in jeopardy  
like the rest of them...

what make you think I'll  
ever let you close to me  
to do that again...

or them... maybe one  
day you'll see how uncore  
you must be... the only  
way this must happen  
is if you take off  
those heels they gave  
you and wait until  
your people ~~are~~  
to us... fight  
to be amongst us...  
and do it smartly...
