

Between the Bars, Hello Friends! April 16, 2014  
William Rick Ross A MC Rapper  
you released your eighth Album  
"Black Market" on December 4, 2015.  
I like your Rap Music, I can  
relate to it.

I like the fact your FRANK like myself,  
I heard your live radio interview  
on my old radio at The Breakfast Club  
studio in New York back in 2014.  
It sounded so authentic to my  
ears.

You were born: in Carol City, Florida  
according to the media. You have  
lost a lot of weight and, you're looking  
good and healthy. But, when you was  
big I still liked that too!

Make your money, honey and, be  
safe out there in that Real  
World (R.W.) "I'm Pro-black".

I LOVE your Photos in this  
Old Time Magazine Dated: December  
14, 2015.

I am a big "FAN" of yours but you  
don't know it though! I've been  
following you through the MEDIA since  
2008 meaning USA Today Newspapers  
Magazines XXL and Vibe Rap ones and,  
EBONY too etc.

Oh! I wish you all the best on your engagement  
to Model Lita Galore whomever she is.  
Please, remember one thing Sir: Black is  
Beautiful... Please, post this submission  
on the BLOG POST "Friends in POWER!"

Much Love,  
(PAGER) - De'anna Thaddeus.
