Bon matin, ma cherie, et comment vas tu? Il pleut a verse, but j'ai a feeling cela it will clear up en time pour a run tonight - are tu ready? If vote toe hasn't healed up yet, du kannst mir auf den Buckel steigen, et off we'll go, ok? After cela, we'll avoir a bite to eat... perhaps soup l'oignon, entrecote aux pommes, tomatoes farcies, salade, fromage et une belle tarte aux peches, out? Et then, shall we try eun bouteille de Pommard?

Been a busy day here so far... spent most of`lè matin writing lettres of concern for a fellow blogger who's being persecuted en Russia pour her postings en opposition to le Ukraine invasion. Evidently, no government appreciates it when its citizens speak out against their military adventures. Are we a government of laws or men, cela is le question. Et at this juncture, we run into le frailties of le human personality.

Mon pere told moi last week cela tu had checked en; did he tell tu cela we tried - unsuccessfully - to call tu right after cela first attack in Belgium?

Et qu'est-ce qui va se passer au mois de juin pendant votre visite? Ca va etre un roman d'amour, ma cherie - smile.
Je miss tu...
