REQUEST

Check here if this is an informal grievance

I'm grieving the fact that the FDOC is unjustly denying me of an education. There is ample room in those GED classes, and there are secure cells that would allow me to sit through the class so security is not an issue. (Note: classes are held in the visiting park, which I'm in every weekend, walking freely around free world people, population inmates, and staff.) I should be allowed to rehabilitate myself, and not just warehoused in this 9x6, 54 square foot cage like some type of animal. I want and need this education to better myself and that will allow me to not only become a better more productive individual, but it will allow me to make others around me more productive human beings. For education/knowledge is the key to staying on the right path. Relief sought: where-

Check here if this is an informal grievance

I just ran across procedure 501.106 section (2)(e) and I went ahead and wrote a letter, to the Bureau Chief of Education, as stated in (2)(e) asking for approval. I'm wondering what you ran into, that said, death row inmates could not participate in GED programs? Cause I'm willing to even pay, to get my GED, so the tax payer's have no expenses. I'm hoping this work's out. Thank you for your time and all your help.
