well they screwed our yard up, their taking the 2nd Floor to recreation this afternoon.

They blocked alot of guys from going out today. Their pissed at the sgt.

I've been doing some writing, two medical grievances. Two letters to orgs asking for help on this GED. Got a letter from an ACLU attorney out of Tampa who sent a letter to the FDOC for me about the GED was sent last Wednesday. maybe that will do something.

I need to work out today. after lunch, I think I'll get to it.

still didnt workout. Another sorry day. I'm going to bed and hope for a good night's sleep.
